

U.S. Mapping Plan To A-Bomb Soviet Targets If War Comes

Victoria Daily Times

VOL. 115 NO. 36

VICTORIA, B.C., FRIDAY, AUGUST 12, 1949—22 PAGES

Weather Forecast

Clear today with light winds, occasionally reaching southwest 20 this afternoon. Saturday: Cloudy, clearing in forenoon; light winds. A little warmer. Low tonight, 52; high Saturday, 65.

PRICE FIVE CENTS

Killed In Bolivia

Rev. Norman Dabbs, 38, Canadian missionary in Bolivia, who had recently been appointed principal of a theological training school there, was killed in an uprising among Indian mine laborers in Llalagua, near Oruro. News of his death was received in Toronto.

New Savings Bonds To Go On Sale In Fall, Says Ottawa

OTTAWA (CP)—A new series of Canada savings bonds will go on sale this fall, the finance department announced today.

They will be sold, like the first three issues, through banks, investment dealers and payroll-savings plans.

The interest rate was not disclosed in the department's statement. The last issue bore interest at the rate of 2 1/2 per cent and the statement said: "It is expected that the fourth series will retain the feature which proved so popular in the first three."

Canada savings bonds first were introduced in 1946, replacing the Victory Loan bonds floated during the war. Since 1946, more than 3,000,000 purchases—totaling more than \$1,000,000,000—of savings bonds have been made.

"Decision to issue a fourth series of Canada savings bonds is a direct reflection of the enthusiastic response that has attended the previous three offerings," the department said.

At the same time, the department said that series three savings bonds, issued last fall, will be withdrawn from sale at the end of this month. But applications made for series three bonds before Aug. 31, with arrangements for deferred payment, will not be affected.

The department said the six regional directors who directed the payroll plans for the last issue have been reappointed. They include L. F. Worsley of Vancouver for British Columbia.

Bebe Learning To Say No, No To Queries On Most Things

PARIS (UP)—Miss America of 1948 leaves for Nice on the French Riviera today to continue practice on two little words—"no comment"—that she learned in Paris.

The shapely blonde American beauty queen, Miss Bebe Shopp of Hopkins, Minn., is being coached by her chaperone, Miss Virginia Safford of Minneapolis.

For the first two weeks of a month's European tour, Bebe expressed opinions on everything from busts to boy friends. Some of her comments shocked her father back in Hopkins, who ordered her by cable to shut up about such things.

Then the Atlantic City Miss America organization got into the act. Director Lenora Slaughter said maybe Bebe should have

Council Of Europe Asks More Control As Free Parliament

By JOSEPH E. DYNAN

STRASBOURG, France (AP)—Led by Winston Churchill, the new Council of Europe's first Assembly today fought for greater independence from control by the 12 member governments.

Churchill, fiery advocate of a United Europe, called for the establishment of the Consultative Assembly of Europe as a free parliament.

In one of his first speeches to the 101-member Assembly Thursday, Churchill rapped what he called "crippling limitation" on Assembly debate imposed by the Council's Committee of Foreign Ministers.

The Committee of Ministers, representing the 12 governments which formed the Council of Europe, is the guiding body of the new European organization. The committee has the power to decree what subjects shall be debated by the consultative assembly.

Churchill and other advocates of some form of European federation hope the Assembly may be the forerunner to a genuine Parliament of Europe, with legislative powers cutting across national boundaries. At present the Council—divided into a consultative assembly and a committee of ministers—has only advisory powers to promote greater European unity.

Inspired by Churchill's oratory, the Assembly delegates clearly indicated they will seek greater authority than the ministerial committee intend they shall have.

First indication of the revolt came when Churchill and other delegates objected to what they called a three-day gag rule.

Under the rule, nothing can be added to the Assembly's agenda without the ministerial committee's approval. Requests for such additions must be made within three days of the Assembly's opening.

Churchill called the rule a "crippling limitation which has never been accepted by any assembly worthy of the name free."

Shanghai Bombed

SHANGHAI (AP)—Shanghai has been subjected to a succession of bombing raids in the last 48 hours. The raids have been carried out from two planes. Nationalist planes have been hitting at Communist held Shanghai intermittently since its fall several weeks ago.

Red To Oppose Churchill

LONDON (Reuters)—The Communists are to fight Winston Churchill in his own constituency at the general election next year. The party's national executive committee decided to put up a candidate in Churchill's constituency—Woodford, Essex—where a Labor Party candidate has already been named.

When police arrived Henderson was still applying artificial respiration but fled the cabin when he saw the police.

The Canadian Pacific Railway Calgary to Edmonton train was stopped at Airdrie, Alta., about 20 miles north of here, by R.C.M.P. They found no trace of the missing man.

Search Continues Following Death In Auto Court

CALGARY (CP)—Search continued today along the wooded banks of the Bow River in East Calgary for W. B. Henderson of Clive, Alta., following the death of Yvonne Ledesque of Edmonton, who was found fatally injured in the auto court cabin where she had been staying with Henderson.

Miss Ledesque, formerly of Pincher Creek, died in hospital shortly after police found her scratched and bruised unclothed body in the cabin. She apparently was the victim of a vicious assault.

She and Henderson had been registered as man and wife at the auto camp since Aug. 2. Police at first had identified the dead woman as Mrs. Henderson.

Henderson was bending over Miss Ledesque's body as police arrived on the scene in answer to a phone call from the clerk at the camp, Mrs. Delbert Miller. When he saw police drive up, Henderson ran out of the cabin and fled in the direction of the Bow River, about 100 yards distant.

DOG ON TRAIL
Police and a police dog immediately took up the search for Henderson.

First word of the tragedy was learned when Henderson rushed into the camp office and grabbed hold of Georgina Smith, 15, daughter of the manager, who was speaking on the telephone and told her to "call a doctor quick." He then ran back to his cabin.

Mrs. Miller and Mrs. George Smith, the proprietor's wife followed Henderson and found him giving Miss Ledesque artificial respiration.

When police arrived Henderson was still applying artificial respiration but fled the cabin when he saw the police.

The Canadian Pacific Railway Calgary to Edmonton train was stopped at Airdrie, Alta., about 20 miles north of here, by R.C.M.P. They found no trace of the missing man.

Plane Crash Kills 12

LONDON (AP)—The Air Ministry said today 12 British service men were killed by the crash of an R.A.F. passenger plane Thursday near Aden.

Where 15 Met Fiery Death

Rescuers search the charred and ripped wreckage of the Greyhound bus in which 15 persons were burned to death when it crashed into a concrete bridge abutment near Bloomington, Ind. Thirteen passengers and the driver survived the crash.—(NEA Telephoto)

Albanian Truck Convoy Dive-Bombed By Greeks

By EDGAR CLARK

ATHENS (UP)—American-made rocket-firing dive-bombers of the Greek air force have smashed a 25-truck ammunition and troop convoy entering Greece from Albania, press reports said today.

The reports, passed by Greek censorship, said a "majority" of the 25 trucks were burned. The convoy was reported en route from Koritsa, Albania, to guerrilla territory on the Greek side of the border when it was spotted by Greek airmen flying former U.S. Navy Helldiver fighter-bombers.

The attack was part of a new summer offensive launched against 5,000 guerrillas in the Grammos mountains along the Albanian frontier and another 7,000 in the 300-square-mile Vitsi area to the north near the junction of the Albania, Yugoslav and Greek borders.

Reports reaching Kastoria in northwestern Greece Thursday said that Albanian regular army

troops had moved up to the Greek frontier to give moral support to Greek guerrillas in danger of being trapped by the offensive. Kastoria is about 12 miles from the Albanian frontier.

A Greek general staff communique said government forces advanced into the Vitsi pocket by about five miles in the first 24 hours of the attack. Thursday night, another communique said, they penetrated "in great depth" during night attacks.

The communique said the guerrillas were under continuous bomb, rocket and strafing attacks by 50 new U.S. navy dive bombers recently supplied by the United States.

Casualties were reported to be moderate. The Greek Army admitted 29 killed, 124 wounded and two missing against 104 guerrillas killed and seven captured.

Greek troops captured three field guns and some heavy mortars and small arms, the communique said.

North Albania Revolution Reported By Rome Papers

ROME (AP)—Reports published in morning newspapers here today quoted Radio Athens as saying a revolution had broken out in northern Albania. The report, which was not credited to any source, said fighting was under way between Albanian army units and partisans. It said the revolt was being directed by agents of Marshal Tito of Yugoslavia.

At Belgrade diplomatic sources said they had no knowledge of a revolution in Albania.

Government officials here also disclaimed knowledge of an Albanian revolt, as did officials at the Albanian Legation. The Albanians said they did not believe the report.

Morton To Head Prairie Command

OTTAWA (BUP)—Defence Minister Brooke Claxton today announced the appointment of Col. R. E. A. Morton to head the prairie command, and Morton's promotion to brigadier.

He succeeded Brig. J. P. E. Bernatchez who was to attend the next course at the National Defence College, Kingston. Morton will be succeeded temporarily as Saskatchewan area commander, with headquarters in Regina, by Lt.-Col. R. C. Clark, and would take over in Winnipeg Sept. 1, Claxton said.

Gen. Vandenberg Contends Russia Only Possible Foe

WASHINGTON (UP)—Gen. Hoyt S. Vandenberg said today Russia is America's only possible enemy, atomic bombing in the event of war has first priority, and the joint chiefs of staff are now selecting targets.

Vandenberg discussed the theory underlying strategic bombardment and approval of plans to conduct it by the joint chiefs of staff. The chiefs include, beside himself, Admiral Louis Denfeld of the navy and Gen. Omar Bradley of the army, now to become chairman of the joint chiefs.

"It is pointless to talk riddles," of Soviet leaders, although it is Vandenberg said. The only threat to American security and world peace "comes from the Soviet Union."

Dealings with Russia, he said, cannot be based on normal diplomatic negotiations and that nation can be contained only by "active participation of the United States with the other nations of the western world."

The United States with atomic bombs in "significant quantity" and the B-36 to haul them can check the "aggressive designs" of Soviet leaders, although it is Vandenberg said.

He said the joint chiefs, Defence Secretary Louis Johnson, and President Truman determine the goals of the defence department and its ability to reach them. He quoted Bradley in this connection:

"We have repeatedly recognized in this country that the first priority of the joint defence is our ability to deliver the atomic bomb."

Canada, U.S. In Agreement On Defence Says Johnson

OTTAWA (AP)—Louis Johnson, United States Defence Secretary, paid his first visit to Ottawa Thursday and declared there is no disagreement between the two countries on any aspect of defence co-operation.

He said after his 10-hour visit he had "never spent a more worthwhile day in my life nor felt myself more among understanding people. We are brothers in the cause of peace."

He conferred with Prime Minister St. Laurent, Defence Minister Claxton, Trade Minister Howe and Canadian defence chiefs. They met for 90 minutes.

At a press conference later, he said, "we discussed the whole field of defence... in a most pleasant, happy and co-operative way."

Mr. Johnson returned to Washington Thursday night after attending a government dinner with the Prime Minister, cabinet members and government, church and diplomatic officials.

He also told the press conference:

1. He had no fears about Alaskan defence, "thanks to the understanding we have in the western hemisphere."

2. He approved a plan to exchange U.S. and Canadian military equipment without straining Canada's reserves of U.S. dollars.

3. He did not wish to discuss the possibility of a unified U.S.-Canadian command because it would be "putting the cart before the horse" in developments leading to formation of an Atlantic Pact organization.

Also attending the meeting were C. M. Drury, Deputy Defence Minister; the Chiefs of

Still More Tremors Rock Ecuador Earthquake Area

QUITO (AP)—More earth tremors were reported Thursday night as residents of Ecuador's richest agricultural area still removed their dead from the debris of last Friday's earthquake.

Col. Gabriel Nunez, military commander of the Ambato area—the hardest hit—said the tremors were not strong, but were intense enough to terrorize the inhabitants and tumble quake weakened walls.

"Our greatest problem now is the prevention of an epidemic, but everything possible is being done," Nunez said. "Stores have reopened at Ambato (largest city to receive the brunt

of the quake), the Ambato electric system is functioning, water is available and food is being distributed."

Engineers are studying the possibility of shooting a cable line into the still-isolated village of Patate to bring out survivors and injured.

The town is across the river from Pelileo and isolated because of the tremendous sinking of earth which produced a landslide, wrecking bridges and highways and leaving steep precipices on both sides of the river.

Eye witnesses said it appeared that the sinking of the earth in Pelileo caused an almost complete loss of its 3,500 inhabitants.

\$762,000 Contracts Let For New Homes

3 Coast Ships In Distress

SEATTLE (AP)—Coast Guard vessels were speeding to aid three distressed vessels today after towing two others to safety. The cutter Balsam was en route to the tuna boat Capela which radioed Thursday it was disabled 119 miles southwest of Swifsure lightship.

Earlier the Balsam had towed the disabled 46-foot Rolland Fos into Grays Harbor from 20 miles northeast of the Columbia River lightship.

Ninety miles southwest of Cape Flattery the Madeline J, a 56-footer with three persons aboard, awaited arrival of the cutter McLane.

In Alaskan waters, the fish-packer Wanderer reported engine trouble at Swanson's Harbor in icy straits. It will be towed to Juneau by the cutter Storis. The Wanderer reported it had 16,000 pounds of salmon aboard and its ice running low.

A patrol boat took the 36-foot puppy in tow from Taku Harbor to Juneau. The craft was disabled with a broken shaft.

War Production Exchange With U.S. Proposed By Canada

OTTAWA (CP)—Canada has proposed to the United States that she be allowed to swap warships, aircraft, small arms ammunition and other Canadian war production for U.S.-made military equipment, informed quarters said today.

The statement came in the wake of the statement here Thursday by Defence Secretary Johnson of the U.S. that he personally is "very much in favor" of such an exchange scheme.

Its purposes, from Canada's point of view, would be to prevent further strain upon her reserves of U.S. dollars and to bolster her defence industry.

It is understood Mr. Johnson promised the cabinet every co-operation not only in the industrial field but in others. Canadian officials now are waiting to see what happens.

Canada's proposal that she produce such things as her developing anti-submarine destroyers for the U.S. was made in talks with U.S. Ambassador Laurence Steinhardt. Far from a figurehead envoy, he has been taking a prominent role in Canadian-American relations generally.

Contradicts Johnson

WASHINGTON (AP)—Governor Ernest Gruening told Congress today that Alaska is defenceless and the territory could be captured tomorrow by a minor scale airborne invasion.

In Ottawa Thursday U.S. Defence Secretary Louis A. Johnson said, "we've no fears about the Alaska defence picture, thanks to the understanding we have with the Western Hemisphere."

Says Aluminum Bought Here For E.R.P. Sold Back To U.S.

WASHINGTON (BUP)—Marshall Aid investigators today protested that some of the fund's European beneficiaries were using the money to buy aluminum in Canada and selling the scrap back to the United States. A two-man mission said E.C.A. "should not approve offshore purchases of aluminum until the organization for European Economic Co-operation has thoroughly explored whether metal cannot be gotten from another European country and payments arranged through the intra-European payment agreements plans."

Grief-Stricken Father

Tragedy struck Jacob Walz, 61, when his wife went berserk, killed her four sons, and then committed suicide at their Makinak, Man., farmhouse. Mr. Walz, who discovered the bodies of his wife and children, is seen here beside his disconsolate dog, Nipper, a favorite of the youngest son, four-year-old Leon.—(CP Photo)

Communists Closing On Gateway To Canton

CANTON (AP)—Three Chinese Communist armies totaling 75,000 men are closing on Kanhshien, gateway to Kwangtung province and Canton, official Nationalist reports said today.

Kanhshien is 215 miles northeast of Canton. It lies in the valley of the Kan River, natural highway to this refugee capital.

The Nationalists admitted the loss of a town only 12 miles northwest of Kanhshien.

(It was on this part of the front north of Canton that the Nationalists were boasting only

Tuesday that 11,000 Red troops were surrounded.)

Fighting on the front due north of Canton was confined to skirmishes north of Hengshan, mountain stronghold 25 miles north of Hengyang.

Another official dispatch said that Gen. Uchen Yi, Communist commander in eastern China, was preparing an amphibious assault on the Chu Shan islands about 100 miles southeast of Shanghai.

The islands provide important air and naval bases for the Nationalist blockade of Shanghai and other Communist-held ports.

Province To Pay Half Of Dallas Sea Wall Repairs

The city today received good news from the province in an announcement by Premier Hyatt Johnson that the government will pay 50 per cent of the cost of repairing the Dallas Road seawall, providing the total amount does not exceed \$100,000.

Ald. J. D. Hunter, chairman of City Council's public works committee, had been negotiating with the provincial public works department several months on the question.

He said this afternoon he was pleased the province had "agreed to go this far."

Ald. Hunter said the decision of the government would be discussed at a public works committee meeting later today.

City engineers had estimated the repairs would cost just under \$100,000. Tenders had been called for the work and one bid was received.

"I think," said Ald. Hunter,

"we will ask City Council to give us the authority to do the work ourselves and not award a contract outside."

The job entails construction of a retaining wall approximately 360 feet along the outside of the seawall near the start of the breakwater.

The wall collapsed last winter when heavy seas washed away supporting sands.

Ald. Hunter went after the government for financial aid in view of the fact the province assisted the city in the building of the wall in 1910.

'Ridiculous!' Says Acting Mayor Of \$1 Meter Fines

A \$50 fine for businessmen who put slugs in the city's parking meters was advocated today by Acting Mayor Ed Williams.

The acting mayor termed "perfectly ridiculous" the present maximum fine of \$1 for a first offence for which three men today were fined in city police court.

"It's perfectly ridiculous, especially for businessmen. From children you expect that kind of play," he said.

He thought a \$50 minimum fine was more in line "for any businessman that would be so small as to put a slug in a meter. The (\$1) fine is so small that it's not even funny."

Chief of Police John D. Blackstock today reported an "epidemic of slug using" by citizens in progress in the parking meter zone of the city.

Select A-Bomb Targets

WASHINGTON (UP)—Gen. Hoyt S. Vandenberg said today Russia is America's only possible enemy, atomic bombing in the event of war has first priority, and the joint chiefs of staff are now selecting targets.

Vandenberg discussed the theory underlying strategic bombardment and approval of plans to conduct it by the joint chiefs of staff. The chiefs include, beside himself, Admiral Louis Denfeld of the navy and Gen. Omar Bradley of the army, now to become chairman of the joint chiefs.

"It is pointless to talk riddles," Vandenberg said. The only threat to American security and world peace "comes from the Soviet Union."

NO NORMAL DEALINGS

Dealings with Russia, he said, cannot be based on normal diplomatic negotiations and that nation can be contained only by "active participation of the United States with the other nations of the western world."

The United States with atomic bombs in "significant quantity" and the B-36 to haul them can check the "aggressive designs" of Soviet leaders, although it is "deplorable that we have to think in these terms," Vandenberg said.

He said the joint chiefs, Defence Secretary Louis Johnson, and President Truman determine the goals of the defence department and its ability to reach them. He quoted Bradley in this connection:

"We have repeatedly recognized in this country that the first priority of the joint defence is our ability to deliver the atomic bomb."

Britain Decides To Resume Arms Sale To Arab Countries

LONDON (AP)—Britain announced today she is resuming the sale of arms to Arab countries.

The Foreign Office said all orders for arms by Arab states which were outstanding when the United Nations' embargo was imposed in 1948 now will be carried out.

A spokesman told a press conference, however, Britain will give no credit facilities to Arab states which want war equipment.

The United Nations' embargo, imposed at the start of the Palestine war, was lifted Thursday. Britain has been discussing over-all middle-eastern security and strategic arrangements with the United States and France in the last few weeks. She called home all her middle-eastern envoys last month for talks on—among other things—streamlining anti-Communist defence plans in the region.

Council Of Europe Tries To Shed Members' Controls

By JOSEPH E. DYNAN
STRASBOURG, France (AP)—Led by Winston Churchill, the new Council of Europe's first Assembly today fought for greater independence from control by the 12 member governments.

Churchill, fiery advocate of a united Europe, called for the establishment of the Consultative Assembly of Europe as a free parliament.

In one of his first speeches to the 101-member Assembly Thursday, Churchill rapped what he called "crippling limitation" on the Assembly debate imposed by the Council's Committee of Foreign Ministers.

The Committee of Ministers, representing the 12 governments which formed the Council of Europe, is the guiding body of the new European organization. The committee has the power to

Jetliner Flies

Entirely designed and produced in Canada, this jet-propelled airliner was unveiled at Toronto's Malton Airport Wednesday afternoon. It is the only aircraft of its type in North America and the second jet passenger liner in the world. Known as the Avro C-102, the craft is shown here being towed onto a runway prior to the first flight. Built by A. V. Roe (Canada) Ltd., the craft is designed to carry 50 passengers at 430 miles an hour flying at 30,000 feet. It is powered by four jets.—(CP Photo)

LATEST Manhunt For Murder Suspect Widespread

KIRKLAND LAKE, Ont. (CP)—A vein of gold has been discovered in the cellar of a rooming-house in the heart of this busy northern Ontario mining town. But just how rich it is and how far it extends has not yet been determined.

Ship Bill Approved

WASHINGTON (UP)—The House today approved and sent to the White House a bill to allow Canadian shipping to operate to the ports of Hyder, Haines and Skagway, Alaska, where U.S. shipping is skimpy.

Nearing Greenland

HALIFAX (CP)—The R.C.A.F. said late today that Mrs. Richards Morrow-Tait, world-circling British aviator, left Goose Bay early today en route to her homeland. They said she was expected at Greenland soon.

May Aid In Defence

WASHINGTON (AP)—State Secretary Dean Acheson said today the United States has been discussing with Britain the problem of protection of Hong Kong against possible Chinese Communist pressure.

Churchill Urges Unity In Europe

STRASBOURG (AP)—Winston Churchill today called on Europe to unite to protect itself against "being crushed and flattened out by any form of totalitarian tyranny."

CALGARY (BUP)—The manhunt for D. W. Henderson of Clive, Alta., spread from Calgary throughout western Canada this morning when it was learned he had left the city in a car.

According to city detectives, Henderson, wanted in connection with the death of a 24-year-old woman in a Calgary auto camp Thursday night, borrowed a friend's car and left the city about 1 a.m. this morning. They described the car as a black 1941 Chrysler Windsor sedan, bearing Alberta license plates 9720. The police also revealed that a warrant had been made out for Henderson's arrest on a charge of murder.

The victim of the brutal slaying, tentatively identified by luggage tags as Miss Yvonne Ledesque or Levesque of Edmonton, was rushed to hospital Thursday night after police found her lying unclothed, unconscious and badly beaten in a cabin at a local auto camp. She died around 9 p.m. in the ambulance.

Police said that upon arriving at the cabin Thursday night they found the woman lying face down on the cabin floor. She had been badly beaten and her body was bruised and scratched, they added. Other witnesses to the scene said that several of the bruises appeared to have been received some days ago.

While detectives were investigating her condition, Henderson, who had been living in the cabin with Miss Ledesque since Aug. 2, slipped out and disappeared. City police and an R.C.M.P. dog attempted to pursue him through the bush to the north of the cabins but returned without success.

Mrs. George Smith, wife of the tourist camp operator, said Henderson asked her to call a doctor shortly before 10 o'clock Thursday night. She said she went to the cabin and found him trying to revive the woman with artificial respiration.

Albanian Truck Convoy Dive-Bombed By Greeks

ATHENS (UP)—American-made rocket-firing dive-bombers of the Greek air force have smashed a 25-truck ammunition and troop convoy entering Greece from Albania, press reports said today.

The reports, passed by Greek censorship, said a "majority" of the 25 trucks were burned.

The convoy was reported en route from Koritsa, Albania, to guerrilla territory on the Greek side of the border when it was spotted by Greek airmen flying former U.S. Navy Helldiver fighter-bombers.

The attack was part of a new summer offensive launched against 5,000 guerrillas in the Grammos mountains along the Albanian frontier and another 7,000 in the 300-square-mile Vitsi area to the north, near the junction of the Albania, Yugoslav

and Greek borders.

Reports reaching Kastoria in northwestern Greece Thursday said that Albanian regular army troops had moved up to the Greek frontier to give moral support to Greek guerrillas in danger of being trapped by the offensive. Kastoria is about 12 miles from the Albanian frontier.

A Greek general staff communiqué said government forces advanced into the Vitsi pocket by about five miles in the first 24 hours of the attack. Thursday night, another communiqué said they penetrated "in great depth" during night attacks.

Still More Tremors Rock Ecuador Earthquake Area

QUITO (AP)—More earthquakes were reported Thursday night as residents of Ecuador's richest agricultural area still removed their dead from the debris of last Friday's earthquake.

Col. Rabinel Nunez, military commander of the Ambato area—the hardest hit—said the tremors were not strong, but were intense enough to terrorize the inhabitants and tumble quake-weakened walls.

"Our greatest problem now is the prevention of an epidemic, but everything possible is being done," Nunez said. "Stores have reopened at Ambato's (largest city to receive the brunt

of the quake), the Ambato electric system is functioning, water is available and food is being distributed."

Engineers are studying the possibility of shooting a cable line into the still-isolated village of Patate to bring out survivors and injured.

The town is across the river from Pelileo and isolated because of the tremendous sinking of earth which produced a landslide, wrecking bridges and highways and leaving steep precipices on both sides of the river.

Eye witnesses said it appeared that the sinking of the earth in Pelileo caused an almost complete loss of its 3,500 inhabitants.

Excavation was being started today for the first of the 20 units at Hatley Park which Mr. Farmer expected would be completed in seven months.

Walter Luney, a partner in Victoria Housing Ltd., said the first six foundations for the 75 Macaulay houses had been completed and he thought the entire project would be finished in eight months.

START EXCAVATION

"We're just nicely under way," he stated.

The three projects mean steady employment for nearly 250 men. Mr. Luney said about 175 would be employed at Macaulay and Mr. Farmer thought he would have between 25 and 30 men on each of his two contracts when work is more advanced.

The 115 houses of the three projects are the first of 1,600 the Department of National Defence plans on building in the Greater Victoria area in the next few years to house the families of active servicemen stationed here.

A contract is expected to be awarded shortly for another 20 houses at H.M.C.S. Dockyard. Tenders were opened in Vancouver Thursday.

Howe To Washington For Atom Talks

OTTAWA (CP)—Trade Minister Howe, the cabinet's atomic expert, will go to Washington next month for Anglo-American-Canadian talks on atomic energy, it was confirmed officially today.

He will be accompanied by Dr. C. J. Mackenzie, president of the National Research Council and chairman of the Atomic Energy Control Board.

The talks were announced recently in Washington. Their purpose is said to be to clarify and bring up to date co-operation among the three countries which did the wartime work on the A-bomb.

One Woman's Day

By NANCY HODGES

DOGGY DEVOTION

AN UNKNOWN EDITOR—unknown to me, that is—was once asked to define what is news. And he made a reply which has become a classic in newspaper annals—"When a dog bites a man, it isn't news. But when a man bites a dog, that is."

From that yardstick I might pass on and say that—as in the field of human endeavor—it is the dogs who get into trouble who make the headlines as a rule.

And as in the last few months we have had more than our share of this kind in Victoria, including dogs who worry sheep and cattle, I am devoting this column to the other kind, who deserve publicity but don't always get it.

WAR HEROINE

IN JULY, a little mongrel named Tich, belonging to an ex-soldier who pushes a fruit barrow in Newcastle-on-Tyne, England, was decorated with the Dickin Medal, that rare decoration which has come to be known as the animals' V.C.

I don't know how she managed it, but Tich went overseas with her master and served with him in the 1st Battalion, King's Royal Rifle Corps, in Africa and Italy from 1941 to 1945.

Tich's master, Rifleman Walker, won the Military Medal when, in the Gothic Line he rescued a number of wounded Gurkha infantrymen under fire. The little dog, perched on the hood of his jeep, never left her post—and he claims that she helped him win his medal.

STUCK TO HER POST

WHEN a regimental aid post on the Marzeno River was partly destroyed by shellfire, Walker took charge. Again Tich, though slightly wounded in the head, gallantly stuck to her post, and next day accompanied her master through heavy shelling.

The citation accompanying the Dickin Medal attested to Tich's "outstanding duty, which helped greatly in loyalty, courage and devotion to maintaining morale."

And I don't suppose there is a man in that K.R.R. company of veterans who wouldn't laud the heroic part that little mongrel played in helping to keep up their morale under those appalling conditions.

MATERIAL MOMENTS

BUT I HAD to laugh when I read that the animals' V.C. is not the only memento Tich has of her war experiences. Like many another heroine of the war, she didn't neglect her family-raising responsibilities even while doing her own war service—to put it kindly.

For while at the front, Tich gave birth to no fewer than 37 puppies. It isn't disclosed whether there is a foreign look about any of her children, but I can't help wondering whether Tich is going to be slightly embarrassed—medal or no medal—when her offspring ask her the old question: "And what did you do in the war, Mummy?"

BISHOP'S PETS

A PROPOS of dogs, I notice that the Bishop of Chelmsford has been meeting with some criticism over his action in solemnly consecrating, while in full canonicals, an animal cemetery in Essex, England, in which were interred dogs, cats and one rabbit.

The service was held before the grave of Dusty, the bishop's German shepherd dog which was the last of his five dogs to die. And his dedicatory prayer was: "May God bless these our friends here. We pray that they may meet them in the life everlasting."

When some objection was later raised to his comment that he hoped his five pets would meet him "in Heaven with a delighted barking and yelping and hand-clapping," the bishop replied to his critics: "It is difficult for me, a dog lover, to believe dogs will not be preserved, whatever the theologians say."

—And I think a great many other people might agree that some dogs would seem to merit an entry into Heaven much more easily than some humans.

Canada, U.S. In Agreement On Defence Says Johnson

OTTAWA (AP)—Louis Johnson, United States Defence Secretary, paid his first visit to Ottawa Thursday and declared there is no disagreement between the two countries on any aspect of defence co-operation.

He said after his 10-hour visit he had "never spent a more worthwhile day in my life nor felt myself more among understanding people. We are brothers in the cause of peace."

He conferred with Prime Minister St. Laurent, Defence Minister Claxton, Trade Minister Howe and Canadian defence chiefs. They met for 90 minutes.

At a press conference later, he said, "we discussed the whole field of defence . . . in a most pleasant, happy and co-operative way."

Mr. Johnson returned to Washington Thursday night after attending a government dinner with the Prime Minister, cabinet members and government, church and diplomatic officials.

He also told the press conference:

1. He had no fears about Alaskan defence, "thanks to the understanding we have in the western hemisphere."
2. He approved a plan to exchange U.S. and Canadian military equipment without

straining Canada's reserves of U.S. dollars.

3. He did not wish to discuss the possibility of a unified U.S.-Canadian command because it would be "putting the cart before the horse" in developments leading to formation of an Atlantic Pact organization.

Also attending the meeting were C. M. Drury, Deputy Defence Minister; the Chiefs of Staff; Sidney Pierce, Industrial Mobilization Chief; Gen. A. G. L. McNaughton, Canadian chairman of the Joint Defence Board; and Maj.-Gen. Robert Walsh of the U.S. Air Force, a member of the Joint Defence Board.

At the press conference, Mr. Johnson was told there was a representative of Tass, the Russian news agency, present and, when asked if the U.S. could handle enemy raids on Alaska, he said both Tass and Moscow would like an answer on that. Then he said: "We've no fears about the Alaskan picture thanks to the understanding we have in the western hemisphere."

An aide told reporters that Canada and the U.S. had reached agreement on principle on exchange of military cadets between the two countries. Mr. Johnson said he wants an exchange of second-year students between the three U.S. military academies so cadets "may come to understand one another better."

Bebe Learning To Say No, No To Queries On Most Things

PARIS (UP)—Miss America of 1948 leaves for Nice on the French Riviera today to continue practice on two little words—"no comment"—that she learned in Paris.

The shapely blonde American beauty queen, Miss Bebe Shoppe of Hopkins, Minn., is being coached by her chaperone, Miss Virginia Safford of Minneapolis.

For the first two weeks of a month's European tour, Bebe expressed opinions on everything from busts to boy friends. Some of her comments shocked her father back in Hopkins, who ordered her by cable to shut up about such things.

Then the Atlantic City Miss America organization got into the act. Director Lenora Slaughter said maybe Bebe should have

a chaperone approved by the Miss America organization to keep her comment on the right track.

Bebe and Miss Safford held another press conference Thursday night. Miss Safford did all the talking, mostly to the effect that Bebe hadn't said anything wrong.

Somebody asked Bebe for her version of the whole affair. "No comment," said Bebe.

Later she broke down and gave out a statement on her visit to the Eiffel Tower. "It was beautiful and windy up there," she said guardedly. "We even picked out our hotel and the Arch of Triumph."

But what did she think of the Folies Bergeres? "No comment."

Tito Now Labelled By Russia As 'Foe'; 'Ready To Fight'

LONDON (AP)—Russia today called Marshal Tito's Yugoslav government an "enemy and foe of the Soviet Union."

It was the first time the Kremlin has hurled the term "enemy" against Tito, although it has bitterly denounced the Yugoslav regime for the last year.

Diplomatic observers were wondering whether the latest outbreak of name-calling signalled a sharper Soviet policy against the Tito government.

Marshal Tito last week alerted his troops in Yugoslav Macedonia, between Communist Bulgaria and Albania, and said his Soviet-dominated neighbors were spreading rumors of a possible Red Army invasion there.

Tito was quoted by his official news agency as dismissing the reports as attempted intimidation, but warned he was ready to fight any invader.

The Soviet attack was contained in a Russian note to Yugoslavia and broadcast by Moscow radio today. It was the fourth in a series of bitter diplomatic exchanges over Russia's abandonment of Yugoslav claims to a portion of southern Austria.

New Savings Bonds To Go On Sale In Fall, Says Ottawa

OTTAWA (CP)—A new series of Canada savings bonds will go on sale this fall, the finance department announced today.

They will be sold, like the first three issues, through banks, investment dealers and payroll savings plans.

The interest rate was not disclosed in the department's statement. The last issue bore interest at the rate of 2½ per cent and the statement said: "It is expected that the fourth series will retain the feature which proved so popular in the first three."

Canada savings bonds first were introduced in 1946, replacing the Victory Loan bonds floated during the war. Since 1946, more than 3,000,000 purchases—totaling more than \$1,000,000,000—of savings bonds have been made.

"Decision to issue a fourth series of Canada savings bonds is a direct reflection of the enthusiastic response that has attended the previous three offerings," the department said.

At the same time, the department said that series three savings bonds, issued last fall, will be withdrawn from sale at the end of the month. But applications made for series three bonds before Aug. 31, with arrangements for deferred payment, will not be affected.

The department said the six regional directors who directed the payroll plans for the last issue have been reappointed. They include L. F. Worsley of Vancouver for British Columbia.

Former members of the 5th Canadian Armored Troops Workshop, R.C.E.M.E., are being asked if they wish to hold a reunion. Calgary has been suggested as the most central city and those interested are asked to write to James Lynn, National Employment Service, Lethbridge.

Commission Hears Leading Writers Die In Privation

OTTAWA (CP)—Canada's distinguished writers, many without funds of their own, are ending their days in obscurity and privation.

This bitter harvest, the Royal Commission on arts and science

development was told today, has been reaped by such great Canadian authors as the late Sir Charles G. D. Roberts and Frederick Philip Grove.

Even today distinguished poets are finding that their years of writing labor have brought them nothing but a shabby existence.

The conditions which exist in Canada do not exist in England or in France, the commission was told by Dr. Gustave Lanctot, former Dominion archivist, now chairman of the foundation.

In those countries the federal government has stepped in to give distinguished writers who had contributed to the national culture an annual pension.

In Canada, the federal government has agreed to give the foundation \$4,000 a year if the foundation raised a similar sum. This foundation has done, but what was needed, said Dr. Lanctot, was the establishment of an endowment fund that could yield at least \$6,000 a year revenue.

Finding Of Crewless Yacht In Mid-Atlantic Mystery

MONTREAL (CP)—A freighter captain's report of a small yacht, found drifting in mid-Atlantic, crewless, dismasted and with her identifying marks scratched out, today brought a sea mystery to the port of Montreal.

Capt. Henry Purvis, skipper of the British cargo vessel Canford, told of sighting the "40-foot yacht of the slick racing type" when the Canford, Montreal-bound, was five days out of Bristol Channel.

His story recalled the tale of the Nova Scotian sailing ship Marie Celeste discovered in the Atlantic west of Gibraltar, in 1872. She had all sails set in fine weather and everything aboard was in order but there was no sign of life.

No one ever learned what happened to the eight people aboard the Marie Celeste when she sailed from New York a month

before she was found adrift. Unless it's found that the yacht Capt. Purvis sighted just broke away from a wharf, another minor Marie Celeste mystery may have turned up.

"At first appearances," said Capt. Purvis, "it looked like a storm tragedy — occupants washed overboard or something."

A boarding party found the little vessel's name was scratched out as well as her port of registry. Her log book—if such a small vessel ever had one—was gone and there were no other signs of her identity.

Discovery of eight bales of silk aboard the yacht added another twist to the mystery, suggesting that a smuggling mission might have gone awry.

"We salvaged the silk, reported the discovery by radio and took her in tow, but she sank in a few hours," the freighter captain said.

Court Told Canadian Party Part Of Red International

NEW YORK (CP)—A deportation hearing Thursday was told that the constitution of the Communist Party of Canada described how the party should conduct itself "according to the teachings of Moscow."

Daniel Lobay, 48, associated editor of the Ukrainian Voice, Winnipeg weekly, told the court the party's constitution also had a section which said it was part of the Communist international. He said he was not able to remember other details of the constitution.

Lobay was testifying at the hearing to deport Meyer Kilg, vice-president of the International Fur and Leather Workers' Union of the United States and Canada (C.I.O.). The United States government seeks to deport the labor official on charges that he was a member of the Communist Party of Canada when he immigrated to the United States in 1937.

The government also charged the Communist Party was an organization which sought to overthrow the Canadian government and one which taught methods and distributed literature urging such revolution.

CAME FROM POLAND
Lobay testified that he joined the Communist Party in 1926 after emigrating from Poland to Canada in 1913. He said he continued to be a member of the party until 1935.

Replying to questions by immi-

gration inspector Edward P. Emanuel, Lobay said the aims of the Communist Party in Canada during the period of his membership was "to agitate and organize the workers to overthrow the government of Canada... by force and revolutionary methods. Through the seizure of property. In plain words, killing people and removing them from the government."

Asked how this would be accomplished, Lobay replied: "By armed men with weapons, guns, rifles and other weapons."

Canadians Buying Polio Insurance

Polio panicked Canadians are buying insurance against the disease at a great rate, according to officials of companies offering this polio protection.

Canadian demand for polio insurance is even more marked than in the United States, considered in proportion to population. And there, according to "Time" magazine, polio policy premiums to date amount to almost \$1,000,000 and by the year's end are expected to run up to \$3,000,000.

In Canada, applications for polio protection are being made at a rate of 5,000 a week.

Polio insurance is available either to individuals or to family groups. Two-year premiums of \$5 for individuals and \$10 for families afford protection against medical expenses up to \$5,000 per case in the treatment of polio.

"Time" magazine describes the policy as an "underwriter's bestseller."

Service Above Self Rotarian's Belief

"A man with an ideal which motivates his every action," was the way Roland H. Vivian, past president of the Seattle Rotary Club, described a typical Rotarian in an address before members of the local club at the Empress Hotel Thursday.

Mr. Vivian related that Paul Harris, founder of Rotary, probably never realized that the ideals of the association would go as far as they have today. Rotary was now represented in 78 countries of the world.

Watchword of each Rotary Club was "Service Above Self," the speaker continued. That was why a Rotarian's only ambition was to give service to the community—the lifeblood of Rotary.

Mr. and Mrs. Vivian, visitors to the city from Seattle, celebrated their 40th wedding anniversary Thursday, and Mrs. Vivian was presented with a bouquet of flowers by the local club.

Architects' Group Scores Radio Policy

OTTAWA (CP)—The Royal Architectural Institute of Canada Thursday blasted at "the rank vulgarity and commercialism of the majority of radio programs."

The institute, representing some 1,100 architects, claimed in a brief prepared for the Royal Commission on Arts and Science development that "giant commercial corporations" controlled the type and quality of programs. Canada's national radio agency, the Canadian Broadcasting Corporation, "has yet to work peacefully with all private stations" and as a result, commercial radio advertising was, in many cases, "objectionable to the listener."

Track Meet, Sunset Ceremony Feature Navy Week Program

Highlighting Navy Week events today was a track and field meet on the lower recreation field, Colville Road, where sprinters, distance men, jumpers, pole vaulters and members of tug-o-war teams vied for honors for their respective ships.

There were laughs mixed with the competition when the band race was held and the musicians raced while playing their instruments.

Tonight at 8, the colorful sunset ceremony will be repeated in front of the Parliament Buildings. Taking part will be the R.C.N. Band and a naval guard. A dance at Prince Robert House, held under the auspices of the Navy League of Canada, will round out the day's activities, starting at 9.

OPEN HOUSE SATURDAY

Saturday afternoon from 2 to 6, all ships and establishments will be open to visitors.

At 6.30 Saturday evening, a semifinal playoff game between two navy senior "A" baseball teams will be played on the lower playing field, Colville Road.

Navy Week will conclude Sunday with church parades in the morning and a double-header softball game between the Army and the Navy at Royal Athletic Park starting at 2. The R.C.N. band will be in attendance.

Husband Drowns Trying To Get Help

HAMILTON (CP)—Bertram Philpott, 29, was drowned late Thursday while trying to swim ashore to bring help to his wife and a neighbor, who clung to a small boat after it overturned in a squall. Mrs. Philpott, 28, and the neighbor, Thomas Taylor, 32, later were rescued.

Harbor police said the three, trying to escape the heat, went out on Hamilton Bay in an 8-foot plywood boat powered by an outboard motor. They had gone about 1,000 feet from shore when a squall struck.

Taylor told reporters after he was rescued: "Philpott helped his wife to get hold of the boat. Then he started swimming to shore. That was the last I saw of him."

The Muse at Mallek's

In Greek Mythology we read of nine Muses—each one a Patron of one of the Arts. AND, if Mallek Patrons will come in this week, they will find themselves in the position of the Modern Muse—able to speak with authority on all that is new and lovely in beautiful Apparel for the Fall of this year of 1949. The New Coats, the bewitching three-piece Ensembles, the enchanting Dresses; those subtle little differences that MAKE things new, and all the alluring new shades that every fashion-conscious woman will want to wear—they are arriving daily and we want YOU to be among the first to admire them.

Teachers and Out-of-Town Visitors

We suggest that you take advantage of being in town at this time to select your new Fall Outfit. You may arrange to pay monthly by mail as convenient.

Nearly forty years serving the Ladies and delighting the Men of Victoria.

Victoria Daily Times Established 1861 Published Every Afternoon Except Sunday by Times Printing and Publishing Company Limited Victoria, B.C. Member of the Canadian Press Ltd. The Canadian Press is exclusively entitled to the use for publication of all news dispatches credited to it or to the Associated Press in this paper and also the local news published therein. Member of Audit Bureau of Circulation SUBSCRIPTION RATES: City delivery, 41¢ per month. By mail (exclusive of city)—Canada, Great Britain and United States, 52¢ per annum; elsewhere \$1.50 per month. One year in advance, \$5; six months in advance, \$3; three months in advance, \$2; less than three months, 75¢ per month.

PROVINCES, MAKE UP YOUR MIND **IT IS ONE THING TO TALK ABOUT THE** **CONSTRUCTION OF A TRANS-CANADA HIGHWAY** **AND ANOTHER MATTER TOGETHER TO DECIDE** **WHAT TO DO TO BE DONE ABOUT SUCH A PROJECT** **AND HOW TO FIND THE MONEY TO PAY FOR IT.** Some seem to think it a relatively simple job for the Dominion and Provincial governments to settle the issue once and for all. It may be; but it occurs to us that this particular undertaking has been the subject of too much political controversy in the past, with too little thought given to practicalities.

For example, our mail in recent months has included a considerable amount of extensively-prepared propaganda from sectional interests in the west, some of it advocating this route and some of it advocating that. None will deny the respective communities the right to advance their own views on such an important national policy. But those who have seemed to delight in lambasting the federal government for not taking positive action before this should, if they desire to be fair, give consideration to the various claims fostered by the interests to which we have referred.

In view of the fact that Hon. Robert H. Winters, Minister of Reconstruction in the cabinet of Rt. Hon. Louis St. Laurent, has now made it plain that when the new Parliament meets on Capitol Hill next month it will be asked to ratify legislation providing for the construction of a Trans-Canada Highway, some of the fog which has clouded this matter for so long will automatically vanish. While no financial agreement has been reached between the Dominion and the provinces, Mr. Winters estimates that the federal administration's contribution to this multi-million dollar project will be somewhere between \$150,000,000 and \$200,000,000 in what, in the final analysis, may mean the expenditure of anywhere from \$400,000,000 to \$500,000,000 for a hard-surfaced job of about 5,000 miles.

Quite properly the Minister is regarding this undertaking as part of the nation's public investment program—a contribution to the welfare of Canada as a whole. It is well that Mr. Winters has taken this view of the Trans-Canada Highway; first, since Canadians are beginning to get somewhat annoyed because they feel it necessary to dip down into the United States at various points along the 49th parallel for the use of better road surfaces; second, because a natural pride in their own country is persistently demanding the correction of an anomalous condition.

All of this, of course, boils down to a question of dollars and cents. Governments are the servants of the people. In other words, the federal and provincial administrations will gladly vote funds for this or that so long as the taxpayers are ready and willing to foot the bill. This argument should be remembered in connection with all those programs which demand the expenditure of public funds.

NO CHANGE **AS IF TO PROVE IT WAS NO "FLUKE,"** **the Liberal Party has won another** **victory in Newfoundland—the first by** **election to be held since the provincial** **election of July 25, or the equally decisive** **federal contest on June 27. The standing in** **the Legislature of the new Canadian province** **now is: Liberals 22, Progressive** **Conservatives 5, Independent 1. Earlier,** **voters had elected five Liberals to the** **Dominion Parliament and two Progressive** **Conservatives. It would seem then, in view** **of the fact that the by-election result showed** **a 10-to-one balloting in favor of the Liberals,** **that the far eastern member of Confederation** **has experienced no "backwash" senti-** **ment in the meantime. The voters meant** **what they said in June and July in no** **uncertain terms.**

INVITATION TO NEW BLOOD **WHEN ALD. ED. WILLIAMS RETIRES** **from the City Council at the end of his** **current term this year, he will leave the** **civic body, according to his statement yester-** **day, with the conviction that he has done** **his stint in the field of public service, and** **in the belief that the veterans should step** **down to make room for new blood—"if the** **blood is a good type, of course."** During his 14 years as an alderman Mr. Williams has set a record for continuous service. He has devoted his time and energy to what he has considered the interests of the people as a whole and has, to a very large degree, earned their respect and thanks.

We have not always agreed with the stand taken by Alderman Williams in council debates. That is as it should be in a democracy. Men in office should expect differences of viewpoint, particularly when they are as forthright in the expression of their own opinions as is the retiring member of the council. At the same time, we have appreciated the unequivocal nature of his arguments, and recognize clearly his proven desire to work for the benefit of the city as a whole.

With the attitude he has displayed relative to new blood we heartily concur. This in no way discounts the services or counsel

of veterans, but expresses agreement with the principle that vigor can frequently be injected into public bodies by the introduction of new ideas and different concepts of handling affairs.

Approximately four months will intervene before a successor is named to fill the vacancy arising from the senior alderman's withdrawal from office. In that time ample opportunity should be afforded for the production of suitable candidates. But potential aspirants for the post should give serious consideration to the matter now—not announce themselves at the last minute after forming snap judgments. A basic qualification, other than technical requirements, should be a desire to serve the city and its people. An opportunity to gratify that desire can only be conferred upon the candidate as an honor by his fellow citizens. And though the job will be no sinecure, Ald. Williams, from his broad experience, will be the first to assert it has its compensations.

FIRST IN OFFICE **THE HIGHEST POSITION IN THE** **newly-created Council of Europe, the** **presidency of the consultative assembly, has** **gone to Paul Henri Spaak, the international-** **ally-known Belgian statesman, Socialist and** **patriot. At the age of 50 he thus assumes** **the official leadership of a body that has** **made history by its very formation and may** **well make further contributions to world** **progress by the acts of its members. As the** **ministers' council and the assembly gather** **this week in Strasbourg they represent the** **hopes of at least 13 European countries for** **peace, international co-operation and good** **will. In M. Spaak, they have elected a presi-** **dent who should do much to facilitate the** **achievement of an ambitious and unprece-** **dented program.**

The broad-shouldered, broad-minded Belgian comes of a politically active family. His mother was the first woman senator in Belgium; his uncle was his predecessor as Belgian Prime Minister. Spaak himself entered politics in 1932 when he was elected to Parliament as a left-wing Socialist. Three years later he was made Minister of Transport and in 1936 became Minister of Foreign Affairs. These positions of responsibility sobered him, as has happened before to men of radical tendencies, and he was nearer centre than far left when he was chosen Prime Minister in 1938. His administration lasted only a year, but the outbreak of war brought him again to the Foreign Ministry. Anxious years followed. Fleeing before the Germans, he was detained in France and held under arrest in Spain, finally reaching Britain where he joined the government-in-exile.

He has been active in the post-war Belgian scene, and resigned the dual office of Acting Prime Minister and Foreign Minister in order to undertake his new international role. His earlier experience as Belgian delegate to the San Francisco conference and the first president of the United Nations General Assembly should now stand him in good stead. His nominator for the new post was none other than Winston Churchill, his election was unanimous, and it would appear that the Council of Europe is off to a promising start.

POOR ATTITUDE **IF IT WERE NOT OPEN TO THE MORE** **likely accusation of malicious propa-** **ganda, the Polish foreign ministry charge** **that Canada is importing 150 Polish children** **as "cheap labor" could be ascribed to a** **complete ignorance of our way of life. To** **make such a charge—presuming the ac-** **cuser was not deliberately promulgating lies** **in order to achieve a subversive effect—it** **would be necessary to know nothing of our** **laws regarding school attendance, nothing** **of our "fair wage" regulations, nothing of** **our humanitarian disposition to help war** **refugees rather than take advantage of** **them. The present Polish complaint, of** **course, arises from that country's failure to** **gain control of the children—all of whom** **are orphans who have been quartered in** **Italy since the war in the care of the Inter-** **national Refugee Organization.**

By coming to Canada, where so many of their countrymen have sought freedom, they will have a better chance for happiness in lives which so far have known only hardship and tragedy. Rather than recrimination and abuse, one would think the Polish ministry might offer thanks and congratulations. But with Communists, humanitarianism runs a poor second to ideological advantage.

MAKE CAUTION A HABIT **INTERMITTENT RAINS DURING THE** **last few days, unpopular as they may** **have been with vacationists, have relieved** **Vancouver Island of the intense forest fire** **hazard. Generally in this district the woods** **are damp. But a week's good, hot weather** **—something we may expect at any time—** **could transform the picture. Given the sun-** **shine and low humidity for that period, we** **might expect conditions analogous to those** **which have brought death and disaster to** **sections of Montana and have destroyed half** **a community in Quebec.**

We are lucky at the present moment. But we cannot afford to trust to luck. The cruel lessons taught in the Helena national forest and Val Senneville have doubtless made their impression on newspaper readers throughout this region. But those lessons can be of lasting value only as our own people practice continuously the rules of fire prevention. A lapse into careless behavior while the menace of conflagration is temporarily reduced can start a habit of heedlessness that becomes devastating when the danger increases—and a critical point can be reached in a very short time.

War Economy Facts By EDWARD HODGKIN from London

IF ONE WERE ASKED to mention a book which has been published in the English language since the end of World War II, and which is certain to be still read in a hundred years' time, one would mention straight off Winston Churchill's "The Second World War," but then one would hesitate. It may be that great masterpieces are being published today which we are ignoring, (1949, incidentally, is the centenary of the appearance of Charlotte Bronte's "Jane Eyre," a classic now which was almost completely ignored by the critics of the time). But even the last war has produced few books to be mentioned in the same breath as Churchill's.

ON THE OTHER HAND, a lot of documentary material is being produced in Britain which will be invaluable to the future historian. There are memoirs by generals and statesmen, and official records of campaigns, and in the last few weeks the first volume has appeared of the official economic history of World War II: The book, entitled "British War Economy" (Volume One) is in the series of civil histories of World War II, of which 20 volumes are in course of preparation. The authors are Professor W. K. Hancock and M. M. Gowing, and it is published by His Majesty's Stationery Office, Kingsway, London, W.C.2, England. This may not sound a particularly enthralling subject compared with the record of the actual fighting, but, in fact, this is the story of the war as it affected every member of the population; the story of mobilization, rationing, production and austerity. It is the story of how Britain organized itself for a war it had not wanted; it is the story of the war effort, with the accent on the "effort."

BRITAIN HAS THE reputation for embarking on wars unprepared, and this history certainly shows that in 1939, in spite of the rearmament program, only 7 per cent of the national income went in war production as compared with 25 per cent in Germany. But by the time of the peak effort in 1943 half of Britain's national income was being spent on the war and as early as 1941 49 per cent of the working population was engaged in civil or military war work, which is a higher percentage than that achieved in the United States by 1945.

All this description of war finance, of import and export controls, man-power statistics, national income studies, consumer rationing and so forth, may seem too close, and yet in a sense too far away, to be interesting to the ordinary man and woman. Yet it is a good thing that while memories are still fresh the economic side of the war should be authoritatively recorded by the men who played a part in it. A new generation is already growing up to which these facts are strange, even though their financial and economic legacy is still with us, and still causing us headaches, and this generation ought to be able to find out what war meant on the home front.

IT WAS AS EARLY as 1942 that the Cabinet in London decided to make an official record of the economic side of World War II for the benefit of posterity. The first volume has appeared just at about the same time that the best-known voluntary body for collecting the raw material of contemporary history was celebrating its 30th birthday with a dinner at the Guildhall, London. This institution is commonly known as Chatham House, since it has its headquarters in the house in St. James Square, London, where the great statesman, Lord Chatham, used to live. The official title of this body is the Royal Institute of International Affairs, and it was founded in 1919 largely through the initiative of Lionel Curtis and some other members of Britain's delegation to the Paris Peace Conference, who felt the need for some place where students or anyone particularly interested could get the real facts about foreign affairs.

SINCE IT STARTED the Institute has published an abundance of material for which politicians, historians and journalists have had ample cause to be grateful. It also arranged lectures by real experts on their subjects, and my experience has been that one can often learn more in an hour at a Chatham House lecture than one can at reading dozens of newspapers. The achievement of the Institute which has brought its name to the attention of the widest public was the sponsoring of Arnold Toynbee's monumental "Study of History". The name of this great work, indeed, might serve as the label for the Institute as a whole. It studies history in the making, and thereby helps the right understanding of the present and a fair judgment of the future.

CHATHAM HOUSE grew out of World War I and is therefore a generation old. One of the most significant and encouraging enterprises to grow out of World War II is the Brunswick Boys' Club, which has just had a formal opening by the Duke of Edinburgh in the house in Fulham, London, which has been bought for it. The club had its origin in a collection got up among the officer prisoners-of-war at Oflag 79, a camp near Brunswick, Germany. They made out cheques and promised financial gifts after the war to the extent of £13,000, for the purpose of starting a boys' club. When the war ended, and the prisoners returned home to Britain, they honored their cheques and set about getting a little more to give the club an even better send-off. Somewhat to their surprise, they found that the idea of the club had caught the public's imagination, with the result that the large sum of £300,000 was subscribed.

MORE FUNDAMENTALS

The writer of the article "Intellectual Undernourishment" taken from the Peterborough Examiner is of the opinion that churches are less popular than golf clubs "because churches have virtually ceased to expound theology."

But how can honest minds expound what is out of date and useless or worse with any hope of drawing people into group activities hampered by "a body of dogma?" Dogma can never be intellectually nourishing unless it can be changed to suit changed times and this is just what the ecclesiastics feel they dare do to it.

Though very many do not yet seem to realize, it is the final round, in the long, long struggle between education and ecclesiasticism. It has always been merely a mixture of philosophy and mysticism. Sound psychology gives rational explanations of all mystical (reactionary) experiences. Theology confuses

thought and hampers the march of fellowship.

Some regard revelation as being to blame for the confused thinking of so many, but does not revelation come to everyone? Before it can be used for so-called desirable ends it must be checked by discussion. Revelation that avoids examination by sound reasoning is only for a totalitarian state, or culture, and has no place in democracy.

Revelation checked by reason, or reason checked by revelation, banishes dualism and leads along the clear path of monism, which shows mind and matter to be equally part of the stuff which makes up the universe. It is pointless to ask how this stuff came to be or what its end and when. It is the task of every one of us so to live each day that health and happiness constitute the lot of all humanity.

MARIAN N. SHERMAN,
2901 Seaview Road.

FUNDAMENTALS
In the Times of Aug. 6 Mr.

Cowan Shaw asks an interesting question. May I suggest that he study the historical and geographical views of the situation instead of the religious and political?

Two world wars have started in the west. Elre (who split the U.K.) and Spain must be settled before the west can be really united, and there is a religious problem there. These cases must be presented to the United Nations law department, not to the political department. It is a settling up of accounts and misunderstandings, the pass-over of the world from the old adamic age to the new atomic age.

We have the U.K., U.S.A., U.S.S.R., the Big Three, and the "cold war" (politics) was an attempt to split the Big Three on whom all the peoples of the world depend for rehabilitation and reconstruction.

GRACE JONES
Saarichton P.O.

The Public Must Support The Law

By JOSEPH-LISTER RUTLEDGE

FEW persons have any great enthusiasm for policemen. In the main the public attitude toward them is a mixture of awe and distaste. That probably results from an occasional minor brush with them resulting in annoyance and inconvenience.

POLICE STATES

We realize that a parking ticket, or an argument over stop-lights is nothing to color our whole attitude, so we fall back on our recollection of the record of Police States, with their Gestapo, their OGPU, their Brown or Black shirts.

It remains for us to remember however that if police power can become dangerous, it is not because of the aggressiveness of the police but because of the laxness or venality of the people. A Police State never emerged from a nation whose actions are determined by the thinking of its people, but only from those who are ready to delegate private

responsibilities. That being so, we might consider the relation of our own thinking to the police power.

There is the attitude that assumes that the rights of the criminally-minded are of more consequence than the rights of the average citizen. Therefore, frequently, when the police power arrests criminals, mankind public sentiment undoes the work. There is the belief that the police should be on the side that we personally favor. Therefore their use during strikes seems to us to establish a partiality toward one side or another.

MAINTAIN ORDER

Now police have no right to adjudicate the rights and wrongs of any issue. Their business is to maintain order, to make law effective, to protect property and persons, and to assure all citizens the orderly enjoyment of their rights and privileges.

That is true, whether the law they protect is to assure everyone under all circumstances undisputed access to his home or his job, or whether it assures the worker in his legal right of picketing.

The use of police power has nothing to do with the wisdom, impartiality or justice of law but only with its enforcement, with as little violence, or as much violence as is necessary to maintain it. No one likes high-handed police tactics, and everyone recognizes that police, being human, will sometimes overstep the necessities and need disciplining.

PUBLIC SUPPORT

But we must also recognize that public failure to sustain them in their necessary work, even where that phase of work is distasteful to us, is as dangerous as to permit them the added powers of the Police State. One leads to anarchy, the other leads to despotism.

Quantities Of Sand

The Times of London

counterpane, they are continually getting out of it. We are so happy to meet them, at the start

Post Mortem Note

Exchange

A contemporary states that the Canadian government knew before the election that Britain was in grave difficulties. By not making this fact public during the election, government leaders acted undemocratically. Canadian officials may, however, have deemed it a matter of ordinary courtesy to permit the British government to make its own announcement of economic strain in the United Kingdom.

of the holiday, that we are perhaps a little too effusive in our greeting, so that they begin to presume on the acquaintance and to make themselves a source of irritation.

Clinging with too fond an affection to our persons and belongings, to shoes and socks, toddlers' toes and father's hair, buckets and spades and bathing costumes, picnic baskets and knitting bags, they insist on returning to the hotel with us, insinuate themselves into suitcases, smuggle themselves on board the returning train, and finally gatecrash into the family castle, so that long after the holiday is over we are constantly running into them and vainly trying to shake them off.

By JAMES D. WHITE

Associated Press Foreign News Analyst

(For DEWITT MACKENZIE)

WHAT IS there left in China, by way of unconquered areas and leaders, to combat communism?

United States planners are reported to be looking into this question as they form a new policy toward China. The picture is roughly like this: The refugee national government at Canton, rejected as hopeless by the United States, is breaking up as predicted. Its fragments may keep going for some time.

The real source of central authority, Chiang Kai-shek, is retreating to Formosa.

Canton and Kwangtung province appear to be left more or less open to Red conquest. Gen. Pai Chung-hsi, defence commander, is pulling his troops off into his native province of Kwangsi.

Hainan Island, off the Kwangtung coast, might supply resistance in these two provinces, but it has its own growing guerrilla trouble.

NOT WELCOME

The administrative shell of the Canton government, under President Le Tsung-jen and Premier Yen Hsi-shan, is headed for the wartime capital at Chungking in Szechwan province. The folks there do not welcome its return.

A.P. Correspondent Tom Lambert visited Chungking recently and found them openly dreading the prospect of having to support the national government again as they did during the war. They barely tolerate Gen. Chang Chun, Chiang Kai-shek's appointed governor.

Szechwan's northern flank, meanwhile, is directly menaced by a Red field army striking at its northern border—the historic invasion route—from south Shensi province. Its chief commercial outlets, the Yangtze River ports of Ichang and Shasi, have already fallen to another Red army.

The only other areas of significance are Yunnan province in the southwest, and the Moslem areas in the northwest.

In the northwest the Reds are within 35 miles of Lanchow, key to the corridor running through the Moslem country toward Soviet Russia. They appear likely to envelop Ningxia, the right flank province, whose governor Ma Hung-kwei left months ago for Canton and Formosa.

The mountainous plateau of Tsinghai province, on the left flank, is ruled by his distant cousin Ma Pu-fang and appears likely to become the centre of Moslem resistance.

In the far southwest, Yunnan province's governor La Man is nominally loyal to Chiang Kai-shek, but one report says he has stopped remitting taxes. Chiang's secret police are reported to be strong in the province, which at the same time is still upset by currency troubles and a considerable guerrilla problem.

WORK OF MANY

Windsor Star

One point overlooked in the present dither about atom bomb information across the border is that it was only by courtesy of a number of participating countries that the bomb became an exclusive American possession.

WASTING MONEY

Ottawa Citizen.

Apparently having run out of movie stars to parade, a United States Senate sub-committee has been listening to an anonymous witness who says that Mr. Trygve Lie, secretary-general of the United Nations, is subservient to the Communists. Mr. Lie, it has been correctly pointed out, is not answerable to the U.S. Senate, but to the United Nations general assembly. The U.S. Senate wastes taxpayers' money when it worries about personnel of the United Nations secretariat.

NOT SERIOUSLY

Ottawa Journal

Shaw is no longer to be taken seriously when he speaks of politics or world affairs—we find ourselves in agreement with the London Daily Herald:

"We have heard of genius turned to madness. The genius of Mr. Shaw has been less dramatically transformed. It has turned to silliness."

That is no more than the truth, because it is just silly to pretend that Stalin is preserving the peace against a Britain bent on war. Clearly what we must do, in the case of GBS, is to read his outbursts for their entertainment value and not as a contribution to national harmony or international understanding.

More Fires Last Year But Losses Down \$1,212,181

There were 49 more fires reported in B.C. last year than in 1947 but losses were down \$1,212,181.

This is shown in the annual report of W. A. Walker, provincial fire marshal, which has just been printed.

The total number of fires in 1948 was 5,744 and in 1947 it was 5,695. The total losses in 1948 were \$7,147,720 and in the previous year they were \$8,359,901.

The 1948 losses were the second highest in the past five years, the report shows. Totals for other years were: 1946, \$3,437,408; 1945, \$5,247,302; 1944, \$3,601,949.

There were 58 deaths in fires during 1948, 29 men, five women and 24 children. There were 39 deaths in 1947, 36 in 1946, 58 in 1945 and 19 in 1944.

Biggest share of the losses came from fires of unknown origin. There were 455 fires in which the cause was unknown and which accounted for \$2,602,443 losses.

Short circuit fires accounted for \$660,796 of the losses. Smokers' carelessness was high on the list too, as well as spontaneous ignition, electrical appliances, defective wiring and acetylene torch carelessness.

Supports Bill For Nfld. University

ST. JOHN'S, Nfld. (CP)—The Newfoundland Legislature Thursday gave unanimous support to a bill for establishment of a degree-conferring university here.

Premier Smallwood and opposition leader John C. Higgins both spoke in favor of the measure, as well as Education Minister S. J. Hefferton, who introduced the bill.

Earlier, Attorney-General Leslie Curtis told the Legislature that the Newfoundland rangers will be absorbed by the R.C.M.P. "just as soon as that can be done without prejudicing the existing personnel of the police force."

The rangers—numbering more than 100—police outposts districts. The Newfoundland constabulary—policing this capital—likely will not be affected by the change.

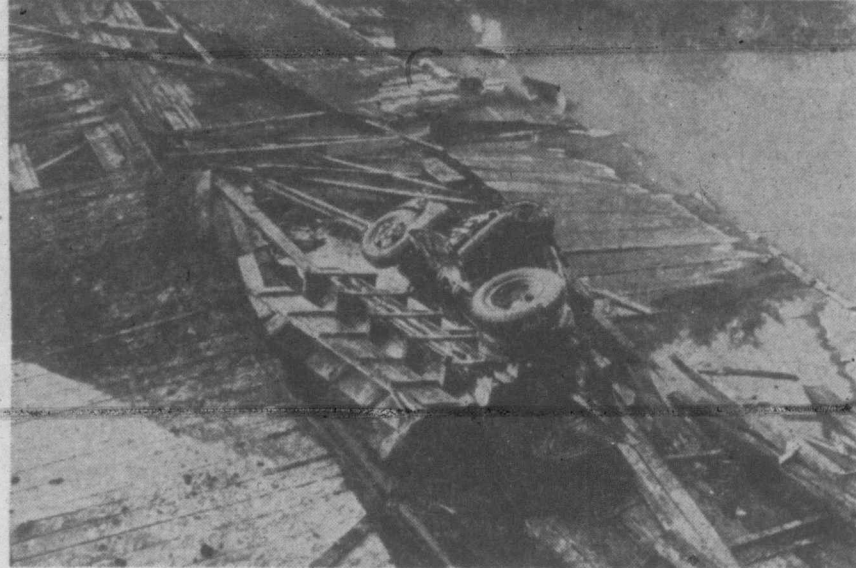

I.W.A. Denies Charge Against High Wages

VANCOUVER (CP)—Claims by British Columbia lumber operators that high wages caused lay-offs of employees in the industry were denied Thursday by International Woodworkers of America (C.C.L.C.I.O.).

A brief prepared by the union for presentation to a conciliation board contends employment is improving. Some lumber firms are making higher profits now than during the first six months of this year, the brief claims. The board resumed sessions today.

The I.W.A. brief is a rebuttal to a coastal operators' brief presented today, which contained a demand for a 13 cents an hour wage cut. The union is asking for a 15 cent an hour increase.

THE END OF A COVERED BRIDGE—Scattered and broken timbers are all that remain of this once proud covered bridge which collapsed under the weight of a truck (above) loaded with lime. The 150-foot span, a familiar landmark to thousands of motorists, was located on the east fork of the Little Miami River near Marathon, Ohio. The driver of the truck was not injured.

No Fighter Plane To Touch B-36 Say U.S. Air Chiefs

WASHINGTON (AP)—Gen. George C. Kenney, who once wanted to scrap the United States program for building the giant B-36 bomber and turn the 18,000-mile-range plane into a flying filling station, boasted Thursday: "Nobody has a fighter plane that could touch it."

"As a night bomber operating over 40,000 feet, it is perfectly safe to take it anywhere," the wartime Allied air chief in the Pacific told the House of Representatives armed services committee.

Kenney, who was born in Yarmouth, N.S., said the B-36 can "do anything" as a combat craft. Kenney's endorsement of the B-36 came as the committee went into the third day of its investigation of the superbomber's history to see whether any political or business influence was involved in the production contract

with Consolidated Vultee Aircraft Company.

Lt. Gen. Curtis Le May, who succeeded Kenney last year as chief of the United States Strategic Air Command, testified that the B-36 "will fly any combat mission that I can foresee." He backed Kenney's view that no known fighter plan would be effective against the high-flying bomber. Le May said a night fighter "might" catch a B-36 under some circumstances "but it would be an accident."

Le May, who directed the B-29 strikes against Japan and the dropping of the two atom bombs on Nagasaki and Hiroshima, told the committee there is no plane which cannot be shot down but that it would be difficult to bring a B-36 down. He said his advocacy of the plane was based solely on its ability to go "anywhere" in the world from bombing bases in the United States and return.

Pythians, Dokeys To Meet Chief Here

JUDGE W. R. PETTEWAY
... heads fraternal order.

Vancouver Island Knights of Pythias and Knights of Khorassan will meet in Victoria this week-end to honor their new chief, Judge W. Raleigh Petteway of Miami, Florida, who will visit in this city Sunday.

Judge Petteway took over reins of the international fraternal organization last week in San Diego when installed as Imperial Prince of the Dramatic Order Knights of Khorassan at the Imperial Palace Convention.

A native of North Carolina, Judge Petteway presided over a juvenile court for five and a half years and was a criminal court judge for 12. Now retired from the bench, he is actively engaged in the practice of law.

Judge Petteway, who will be accompanied by his wife, will arrive here Sunday morning and will be taken on a sight-seeing tour arranged by local lodge officials.

A mass meeting of all island members will be held at 7.30 that night in the K. of P. Hall, 723 Cormorant Street, at which the Imperial Prince will be principal speaker.

Encouraging Hunt For Radio-Active Ore

LONDON (CP)—British officials said today Britain is encouraging a hunt for radio-active minerals throughout her colonies and recruiting United States scientists to help.

British scientists armed with geiger-muller counters, which can locate the precious ores, are deployed throughout the colonial empire and the government guarantees to buy any ores produced, they added. Uranium, vital for the atom bomb—leads the "wanted" list.

27 Escape Death As Plane Crashes At Portland, Me.

PORTLAND, Me. (AP)—A new \$400,000 Northeast Airlines Convair crashed and was destroyed by fire at Municipal Airport Thursday night.

Twenty-seven persons—everyone aboard—escaped unhurt. The pilot, Capt. Roderick Cote, 40, of Melrose, Mass., said the twin-engine ship's propellers "reversed in the air and we started to plop straight down."

"Then," he added, "our landing gear collapsed and the sparks began to fly."

Stewardess Patricia Donnellan, 23, of North Quincy, Mass., on the job less than three weeks, tried to open the front door. The hydraulic system had failed. The emergency door was blocked by flames, she said.

She raced for the rear door, shouting to the passengers, "Follow me."

They did and within minutes the plane was empty.

LAUD HEROISM
"The little hostess was a heroine," said Mrs. Cora Connors of Portland, a passenger. Many others lauded Miss Donnellan for her cool headedness. She returned the compliments.

"There was no screaming aboard," she said, "only a little natural confusion."

The third crew member was Henry Wightman, 30, of Watertown, Mass.

Two of the passengers were company employees. The wife of another employee and her month-old son also were aboard.

Flames leaped 50 feet from the blazing ship, blocking all runways. The airport was roped off to keep away hundreds of spectators.

It was the second crash at the field within two months.

MacArthur To Return From Japan Anytime He Wishes—Truman

WASHINGTON (AP)—President Truman said Thursday he will sign an order for Gen. Douglas MacArthur's return to this country from Japan anytime MacArthur wants to come.

Mr. Truman thus replied at a news conference to demands on Capitol Hill for the Japanese occupation commander to return for testimony on the \$1,450,000,000 Foreign Arms Aid Bill.

Mr. Truman recalled that when there was previous agitation, as he termed it, for MacArthur's return about two years ago, he made it clear that the general was at liberty to return if he chose to do so.

U.S. Rail Rates To Increase Sept. 1

WASHINGTON (AP)—The United States railroad industry Thursday got the go-ahead signal for another \$293,000,000 a year increase in freight rates.

The authority was issued by the Interstate Commerce Commission, which said the increase was intended to aid the railroads in setting up a 40-hour week for non-operating employees. The shorter work week for these employees becomes effective Sept. 1, under an award by a presidential arbitration board.

The I.C.C. said it estimated the 40-hour week will cost the rail lines about \$380,000,000 a year.

The carriers were authorized to make the changes in rates effective within 15 days.

The Bitter Root Mountains, on the border between Idaho and Montana, are an outlying part of the Rocky Mountain system.

Ex-Reginans Meet

A committee has been named to plan future social events for ex-Reginans, now residents of Victoria, following a successful picnic held recently at Willows Beach.

The picnic, first event ever held here for former residents of Saskatchewan's capital, was attended by about 60 persons.

Otto von Guericke, a German physicist, invented the first machine to generate electricity about 1663.

If BACKACHE is Holding You Back

It's Dodd's You May Need!

When your kidneys act up and backache follows—get and use Dodd's Kidney Pills, the 50-year-old Canadian remedy. Dodd's Kidney Pills quickly and safely help restore your kidneys to normal action—help relieve backache and that "tired-all-the-time" feeling by treating the kidneys. Ask any druggist for Dodd's Kidney Pills, look for the blue box with the red band.

Congratulations followed the traditional ceremony that in a space of few moments turned graduating naval cadets into young midshipmen. Here, Midshipman C. A. Stewart, Fillmore, Sask., received a warm embrace from his young aunt, Miss Gladys Stewart, who came from Creston, B.C., for the ceremony. Friends of the graduating class were entertained at afternoon tea in the cadet block following parade ground ceremonies, and in the evening a closing dance was held on the quarter-deck in the cadet block.

Traditional Naval Ceremony At Royal Roads College

Following the midshipmen's parade at Royal Roads yesterday afternoon, Midshipman James D. Prentice shows his family the King's Canadian dirk, presented to him on the parade ground. In the picture, left to right, are Mrs. Prentice, Midshipman Prentice, Miss Heather Prentice and Capt. J. D. Prentice. Midshipman Prentice, who attended St. Michael's School for Boys prior to entering Royal Roads, is a grandson of Hon. J. D. Prentice, a former Minister of Finance with the provincial government.

For Capt. H. S. Rayner and Mrs. Rayner, pictured above, the occasion was a farewell, for they leave with their family for England on Monday. Capt. Rayner, who has been commanding officer at Royal Roads for more than a year is succeeded by Group-Capt. J. B. Millward of Ottawa. Group-Capt. Millward, his wife and young daughter, Jean, were present yesterday at the parade.

Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines and 15c for each additional line.

Mr. and Mrs. C. R. Goodmanson, 708 Princess Avenue, announce the engagement of their youngest daughter, Barbara Joan, to William E. Helgeson, only son of Mr. R. W. Helgeson, Victoria, and Mrs. R. Holland, Parksville, V.I. The wedding will take place in Church of Our Lord Sept. 16 at 8 p.m.

Marriage Proposals Do Not Interest Girls On Tour

LONDON (CP)—Four Edmonton girls on a two-month bicycle and hitchhiking tour of Britain, France and Italy have each had a marriage proposal since they arrived July 1—but they're not taking them seriously.

The girls, wandering wherever a whim takes them, are Donna Cross, 22, Jean Campbell, 24, Mary Brock Smith, 20, and Dawn Eckert, 22.

After they arrived at Liverpool on the liner Ascania the girls bought themselves bicycles. Then, dressed in blue jeans and fancy - striped shirts, they peddled off.

Telling of the trip Donna, a laboratory technician, said today: "We made our way through North Wales to Shrewsbury, Oxford, and London stopping at hostels all the way. We had already had our first proposal of marriage."

"A boy in the ship's orchestra coming over had proposed to Jean. But she is already engaged."

"Almost as soon as we reached London, I notched our second proposal—from a policeman we met. When we were stopped at the Channel for a look at Paris a Frenchman proposed."

"It was in Devon that Dawn got her proposal from a territorial in an army camp there. The quartette had only one 'really bad moment' since their tour began."

They arrived at Exeter, Devonshire, too late one night to arrange for accommodation. In desperation they telephoned police.

"The police ticked us off," said Donna, "and told us to learn to look after ourselves."

"At midnight we found a cafe still open and drank about six cups of coffee each. Then it was closing time so we told the proprietor our plight and although it was two in the morning he found a friend who let us have a tiny cupboard of a room for the night."

"That was the best night's sleep we've had."

Of Personal Interest

Mrs. John M. Smith who has been the guest of Mr. and Mrs. Arthur Ash, Brookleigh Road, for the past week, is returning to her home in Vancouver on Saturday. Also visiting Mr. and Mrs. Ash is a cousin, Miss Freda Ash, who arrived yesterday from Montreal and will spend a month in this city.

Miss Peggy McDonald was guest of honor Wednesday evening at a surprise shower given by Miss Jean Markland at her home 2036 Townley Street. On arrival, the bride-elect was presented with a colonial corsage bouquet and her mother, Mrs. H. R. McDonald, received pink carnations. Gifts were concealed in a basket decorated in mauve and yellow. Mrs. J. Filtness entertained at the piano, after which refreshments were served.

Others invited were Mesdames G. Anderson, G. Beese, R. Calcutt, J. Field, D. Galey, C. Kilbourne, A. Lowery, G. Markland, W. Miller, R. McDonald, H. R. McDonald, R. Sparrowhawk, L. Seath and L. Treloar.

Among the many guests from out of town who attended the marriage Saturday evening of Miss Betty Knudsen and Mr. Sydney M. N. Pozer were Mr. and Mrs. J. M. Pozer, Mr. Bill Pozer, Mr. Jack Pulford, Mr. and Mrs. Harvey Weeks, Mr. and Mrs. C. Schmidt, Mr. and Mrs. J. D. Hazleton, Mr. and Mrs. J. A. Boucock, all of Chilliwack; Mr. Doug Wightman, Mr. and Mrs. William McKinley, Mr. Ed Bell, Miss Pat Edwards, all of Vancouver; Mr. Tom Wright, Mrs. Black and Miss Dorothy Black, Mr. and Mrs. Merlin Bunt, Prince George; Mrs. George Redford, Abbotsford; Miss Pat McCandless, Rossland; and Miss Vivian Lamont, Trail.

Mrs. G. Pellow and Miss A. McCormick held a surprise miscellaneous shower Wednesday evening for Miss Patricia Mahoney at the home of the honor guest, 1357 Pandora Avenue. Corsage bouquet was presented to the bride-elect, whose marriage to Mr. Ross Ramsey takes place this month, and to her mother, Mrs. P. Mahoney, and future mother-in-law, Mrs. G. H. Ramsey. Gifts were concealed beneath a decorated umbrella. Games were played and refreshments served. Guests included Mesdames F. Welsh Jr., E. Smith, L. Mahoney, C. Rau, D. Danes, H. McDonald, R. Searl, C. Brown, E. Munroe, W. Moore, R. Smith, W. Leech, C. Carson, R. Harman, A. Lister, J. McCormick and Misses Audrey Sandahl, Ellen Danes and Paddy Danes.

\$200,000 Given By Eastern Star

TORONTO (CP)—The Order of the Eastern Star has made contributions totaling more than \$200,000 to its three chief aid projects during the last three years, Mrs. Eva Holland Hamilton of Chicago, Most Worthy Grand Matron, told 10,000 delegates to the organization's triennial convention here yesterday.

The money was used to promote cancer research, to aid the save the children fund and to assist starving children in China. Delegates from Puerto Rico, Hawaii, Bermuda, Canal Zone and Japan, as well as Canada and the United States are represented. The order claims membership of 2,500,000.

Widely-Traveled Couple To Make Home Here

Mrs. Marie Smith and her daughter, Miss Hazel Smith, have come from England to this city to make their home. Mrs. Smith and her daughter left Liverpool aboard the Empress of France, and upon arrival in Montreal, began a leisurely trip west. Miss Smith has traveled extensively in Switzerland, Italy and France, but thinks Canada's scenery, particularly the Cana-

dian Rockies, surpasses any she has seen before. Mrs. Smith, in her 88th year, says the first things she noticed upon arrival in Canada, was the bread and butter, so different from England's wartime bread and margarine. Mrs. Smith and her daughter will make their home with Mrs. Smith's son-in-law and daughter, Mr. and Mrs. B. H. Porter, 518 Beach Drive, who came to this city in 1919.

Mrs. Arthur Davey Feted At Post-Nuptial Reception

A post nuptial reception and tea was held Wednesday afternoon by Mrs. John Davey, 680 Oliver Street, for her daughter-in-law, Mrs. Arthur James Davey. A corsage bouquet of pink carnations was presented to the honor guest, and her mother, Mrs. H. Kayll received sweet peas, en corsage. Mrs. Kayll and Mrs. W. Chadwick, aunt of the groom, presided at the lace-covered tea table, which was

centred with a bowl of sweet peas and gypsophila and flanked by tall pink tapers in silver holders. Assisting the hostess were Mrs. D. Hunter, Mrs. P. A. Stoss, Mrs. N. Clarke and Miss B. Hindle. Others present were Mesdames J. Armstrong, W. Shepherd, E. Adsead, A. Greaves, C. Highley, G. Willett, A. Lindner, S. J. McDonald, W. McKinlay, L. M. Soares, V. Tupman, R. N. Higgins, R. D. Higgins and R. Briggs.

Mrs. A. A. Collison, Mrs. M. E. Gleadow-Newcomen, and Mr. P. R. Hunt of this city are among guests registered at Jasper Park Lodge in the Canadian Rockies.

Miss Blanche Harris has come from Vancouver to vacation in Victoria, and is the guest of her cousins, Mr. and Mrs. H. Thirwall, Moss Street.

Miss Marilyn Hunter left last week for Los Angeles to make her home. En route she spent several days holiday in Seattle. Miss Hunter is the daughter of Mr. and Mrs. E. J. Hunter, 35 Linden Avenue.

Among recent guests at famed Banff Springs Hotel in the Canadian Rockies have been the following Victorians, the Misses M. M. and P. Frith, Mr. and Mrs. W. M. Boulter, Mr. and Mrs. W. J. Elston, Mrs. M. Walden and Mr. and Mrs. J. M. Whitewell.

Member of Centennial United School choir gathered in the schoolroom recently to honor Mrs. Glen Shantz, a member of many years' standing, who is leaving to live in Port Moody. The president, Mr. F. Godslave, in a short speech, paid tribute to Mrs. Shantz and to her cheerful readiness to assist in various activities of the choir. She was presented with a corsage bouquet and an electric clock from members. A social period was enjoyed and refreshments served.

Dinner Party Honors Tonight's Bridal Pair

Mr. and Mrs. Harold S. Johnson, parents of the groom-elect, Mr. and Mrs. Harry Boyaner of Vancouver, Miss Margaret Loudoun, bridal attendant; Mr. Don Dyson of Seattle, best man; Mrs. Lindsay Alexander of Vancouver, who will be honor matron for her sister, and Mr. Vernon Johnson, brother of the groom elect.

Following dinner, a family reception was held at the Timberlake home on Beach Drive.

Many Parties For Winnipeg Visitor

Mrs. A. B. Young, 3329 Glasgow Road, entertained at the tea hour this afternoon to honor her sister-in-law, Mrs. J. K. MacKay of Winnipeg. Guests were Mrs. Harry Smith, Mrs. Lloyd Garvie, Mrs. Kenneth Elliot, Mrs. E. W. Merritt, Mrs. P. Tyson, Mrs. Carl Newman, Mrs. B. W. Fairweather, Mrs. K. G. MacKay and Miss Adams.

Thursday afternoon Mrs. Young entertained friends at the tea hour in her houseguest's honor. Mrs. A. H. Young presided at the

tea urn, and Mrs. J. D. Armstrong and Miss Margaret-Ann Young assisted in serving. Others present were Mrs. George Grey, Mrs. Mel Adams, Mrs. Martin Doyle, Mrs. Crawford Mahon, Mrs. P. Medland, Mrs. Guy James, Mrs. Ronney Dalziel, and out-of-town guests, Mrs. R. R. MacKenzie of Windsor and Miss Helen Shaw of Perth.

During the evening Mrs. Young entertained members of her home economics group, Miss Yvonne Love, Mrs. Mary Guld, Mrs. Margaret Talbot, Mrs. Ted Bell, Miss Mildred Orr, Miss Alma Innes and Miss Shirley Walker, who assisted as serviteur.

The honor guest, with her husband, Mr. J. K. MacKay, and children, Kenneth and Eleanor, leave the city Saturday and will spend a week at Banff en route to their home.

Many Parties For Winnipeg Visitor

Mrs. A. B. Young, 3329 Glasgow Road, entertained at the tea hour this afternoon to honor her sister-in-law, Mrs. J. K. MacKay of Winnipeg. Guests were Mrs. Harry Smith, Mrs. Lloyd Garvie, Mrs. Kenneth Elliot, Mrs. E. W. Merritt, Mrs. P. Tyson, Mrs. Carl Newman, Mrs. B. W. Fairweather, Mrs. K. G. MacKay and Miss Adams.

Thursday afternoon Mrs. Young entertained friends at the tea hour in her houseguest's honor. Mrs. A. H. Young presided at the

tea urn, and Mrs. J. D. Armstrong and Miss Margaret-Ann Young assisted in serving. Others present were Mrs. George Grey, Mrs. Mel Adams, Mrs. Martin Doyle, Mrs. Crawford Mahon, Mrs. P. Medland, Mrs. Guy James, Mrs. Ronney Dalziel, and out-of-town guests, Mrs. R. R. MacKenzie of Windsor and Miss Helen Shaw of Perth.

During the evening Mrs. Young entertained members of her home economics group, Miss Yvonne Love, Mrs. Mary Guld, Mrs. Margaret Talbot, Mrs. Ted Bell, Miss Mildred Orr, Miss Alma Innes and Miss Shirley Walker, who assisted as serviteur.

The honor guest, with her husband, Mr. J. K. MacKay, and children, Kenneth and Eleanor, leave the city Saturday and will spend a week at Banff en route to their home.

Today's Recipe

STUFFED TOMATOES

Six large firm, ripe tomatoes, 1/2 cup thick sour cream, salt and pepper, 1 cup shredded cabbage, 1 cup shredded carrots, lettuce, parsley.

Wash tomatoes, remove stem and scoop out the pulp, reserving pulp for use in filling. Sprinkle insides of tomatoes with salt, invert and chill in refrigerator. Dice tomato pulp and drain. Season sour cream with salt and pepper. Mix cabbage, carrots and tomato pulp, add sour cream and blend together lightly. Fill tomatoes with cabbage mixture and serve on crisp lettuce, garnished with parsley. Yield: six servings.

Note to the Gardener—It will soon be time for home growers to stop cutting asparagus for the year. This means you give the plant a chance to grow a high fern leaf and to replenish the nutrients it needs for next year's crop. The bed will grow vigorously and last longer if the sprouts are allowed to develop and lace the garden.

Garden Fete At Aged Women's Home

Miss Shirley Wallace, Mrs. J. Nicholls and Miss Thelma Burnett, left to right, are members of a committee in charge of arrangements for the garden party to be held at the Aged Women's Home on Saturday afternoon, under auspices of Beta Sigma Phi, with proceeds to be used to buy comforts for the Home. Others on the committee are Miss Margaret Walker, convener; Miss Kitty Cameron and Miss Mary Horan.

In Step With Style

Eye-Popper Style—Lace inserts and insets, heel reinforcements with double points, flares, square ends, and stockings without heel and toe reinforcements or lacking one of them for use with sling-back and open-toed shoes, are all part of a subtle campaign being waged by hosiery makers to woo women away from bare legs.

During war years bare legs were accepted and now nothing in the world could make women believe they must wear long hose at all times, says the president of the National Association of Hosiery Manufacturers.

Though N.A.H.M. members bewail the vogue for bare legs, we're told that more than 600 million pairs were shipped last year, and about 87 per cent of them nylon.

Last year the fad was for dark colors and brightly hued stockings to match gay dresses. The dark colors went over big—the colored stockings didn't take.

The industry claims that this was anything but a fashion whim—for it was almost impossible to paint legs black or navy blue. The result was that many of the bare-legged women who had relied on cosmetics for leg covering, climbed back into nylons.

Now the color trend is toward lighter stockings.

Stocking colors will always be close to flesh-tone, the N.A.H.M. president states, and gives as the reason "men like to look at a good-looking pair of legs in natural colors."

He has an answer too, to the oft-heard complaint that postwar nylons don't wear as well as prewar hose.

"Very simple," he says, "before the war the industry very rarely manufactured anything more sheer than 30 denier. Now one of the most popular weights is 15 denier—much sheer."

As a matter of fact, he claims that manufacturers would appreciate it very much if women would stop insisting on gossamer-sheer 15 denier for everyday wear.

Head-Huggers—So new that price tags hadn't been attached were the head-hugging hats in attractive yet durable stitched and corded taffetas, and gleaming satins, just unpacked this week in one of the mid-town shops.

Reminiscent of those worn a few decades ago, they fit the head snugly. Their beauty lies in tricky off-face brims, revealing slit crowns and gleaming satin bows.

An array of black models included a picture hat extravagantly edged in fine accordion pleats; another, with close-fitting crown, featured wide brim swathed in taffeta.

An eye-stopper was the model in gleaming copper tone, in cloche mode, with a wisp of veiling, and little girl ties beneath the chin.

The price—\$5.95 to \$10.

DARLING'S
PHARMACY LTD.
FORT at BROAD

The "Prima Dona"—Named by designers in California, the dress pictured above goes well with furs, jewels, and flowers.

Paris Communique—In the mail bag this week was a letter from 245 Rue St. Honore, Paris, which tells us that "when all the world of fashion has its eyes fixed on Paris, something very special has happened... something as news-making as any change in silhouette, any revolution in skirt lengths, any sensational new style."

The foregoing is a glowing description of a perfume which made its debut Tuesday of this week and is said to contain all the excitement of Paris itself.

Perfumes have a fashion cycle, the letter explains, as important as any established by apparel. Trends and preferences in the matter of scent move as inexorably as those of clothes... so that certain fragrances belong to the era of hoop-skirts, and others to bustles and still others to hobbleskirts.

This new "fashion in fragrance" is expected to establish a vogue in perfumes for tomorrow and its manufacturers claim it has "sparkle, lift, wit, and sophistication."

World War I—Recalling to mind gay, feminine fashions popular during the First World War, were the rose-petal skirts, and huge massive collars featured in Molyneux's presentation of new fall models in his Paris showing at the beginning of this week.

His petal skirt, shown on afternoon and evening dresses, were ballet affairs, plastered all over with giant rose petals made of the same material as the dress.

He used a scalloped petal finish on many of the hemlines... a direct steal from the gay, extravagant frocks mother used to wear.

His massive collars, stiff as a board, cover right up to the ears, before sloping down to shoulder-line.

Box jackets which seem to be growing in popularity, were shown with the Molyneux touch—immense fur cuffs.

Your Baby And Mine

By MYRTLE MEYER ELDRED

SIMPLY ANSWER SEX QUESTIONS—DON'T GIVE A LECTURE

Parents have moved slightly backward in the matter of sex education. In the many, many years when all discussion of sex was taboo, children got their information hit or miss. In rebellion against this "tell nothing" program the parent-educators of 30 or more years ago espoused the exact opposite, a program of "tell all." This was intended to right the evils of the first.

It has become apparent, after 30 years of trial, that the child subjected to a deluge of indigestible information poured over him at his first, innocent question, can be as confused as the child who was told nothing or had to pick up his information from companions as ill-educated as himself.

The parent discovered that she could not fulfill her obligation to her child to make sex relationship clear, by saturating him with facts he was unready to absorb.

So the step backward to a middle, pathway which is a natural reaction to both of these extremes. Now, the parent answers honestly and conscientiously only the questions the child asks when he asks them.

She does make it possible for him to ask questions by keeping herself free from all prejudice about the discussion of sex. She realizes, now as then, that parents are in the ideal position to interpret sex for a child in a wholesome, practical, and beautiful way. It is the child who is forbidden to talk about sex or whose questions are evaded who feels a salacious interest in this repudiated subject.

There are the same advantages to answering sex questions honestly as to answering inquiries about any subject under heaven. The child senses that his earnest questions are respected. He develops faith in the parent who answers honestly and not facetiously or evasively. He respects his parents' knowledge and wisdom. He gets right instead of faulty and garbled information.

And, best of all, parents and child are drawn together in sweet intimacy when the child discovers that between himself and his parents no subject is too silly or too embarrassing for discussion.

Mothers and fathers who follow such a course find that their frankness develops neither excessive curiosity nor a desire for personal experimentation. Children are satisfied. They build their knowledge bit by bit, in the normal way, and eventually come to a wholesome understanding of sex relationships.

Our leaflet, No. 47, "Sex Education" may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

OTTAWA (CP)—The Agricultural Prices Support Board announced Thursday that butter it has purchased at the current floor price will be sold to the trade at not less than cost plus storage charges.

The announcement recalled that the Bureau of Statistics reported recently that butter storage stocks in Canada amounted to 56,600,000 pounds on Aug. 1. The Dairy Products Board held 41,000,000 pounds of the total.

President's Daughter Veloes Hopes Of Capital Society

WASHINGTON (CP)—Everybody figures that Miss Margaret Truman would herald a "White House wedding" as the big event of the social century.

But there is no sign that the capital will be putting any such date on its party calendar for a while yet. Margaret Truman, the young lady in question, is concentrating right now on becoming a concert singer.

Denying engagement rumors is still one of her chief occupations, however. She does it neatly and good-naturedly.

The president's 25-year-old daughter once told reporters that if they didn't stop saying she was betrothed she'd soon be having a tough time getting a date. Another time she said of the marriage rumors:

"All right, you bring them to me in batches and I'll deny them one by one."

The whoop-de-do over the marriage of a president's daughter would not, of course, be confined to Washington. It would be the United States counterpart of the wedding of Britain's Princess Elizabeth. The breathless attention that wedding got in this country showed how much the United States would like to have a similar big occasion of its own.

BUSY WITH FALL TOUR

But it will have to wait. She is in New York now, working hard at her singing in preparation for a fall concert tour.

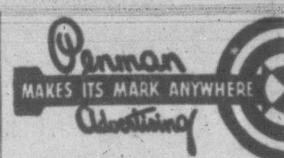

Being Truman's daughter is probably a handicap as she sets out in a professional career. Critics seem extra critical of her voice. At least one Broadway musical contains a "Margaret Truman wisecrack" after a female singer deliberately hits a sour high note. One segment of public opinion holds that Miss Truman is trying to "cash in" on his father's position.

But friends say her ambition to be a concert singer—simply that, mind you, not a Metropolitan Opera performer—started long before she became "First Daughter of the Land." Therefore, they ask, why should she give up that dream just because fate thrust her into the national spotlight?

Her coach, the Dutch pianist Conrad V. Bos, is enthusiastic about her chances.

"Of course, she is only beginning," he said recently, "but she has a lovely voice. . . . It's un-

certain how soon she will sing in public but what experiences she already has had will stand her in good stead."

Vancouver Second High In Canadian Living-Cost Index

OTTAWA (CP)—Cost-of-living indexes for eight regional cities all moved higher between June 1 and July 2 this year, the Bureau of Statistics reported Thursday.

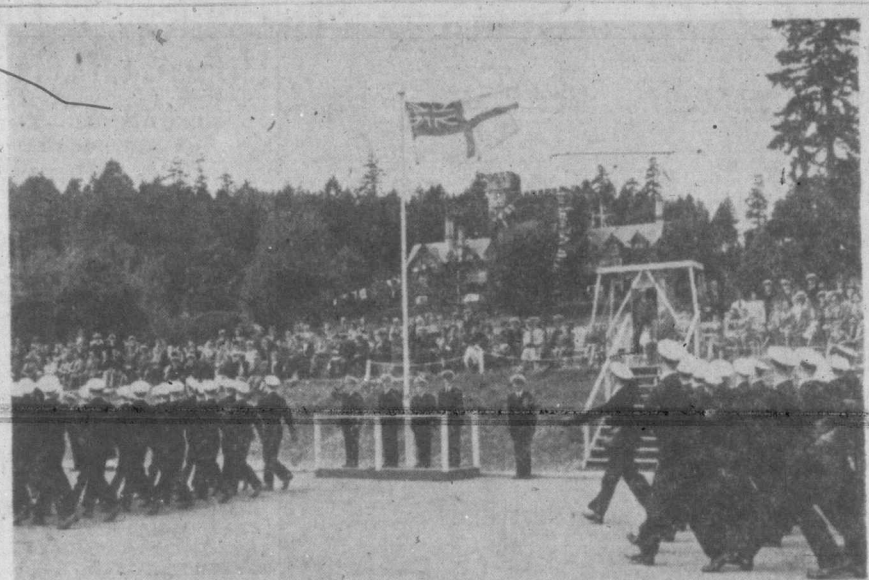

The advances ranged from 2.6 for Edmonton to 1.0 points for Saskatoon. The Dominion index gained 1.6 points during the same period.

The Dominion index for the eight cities based on August, 1939, equals 100, was 100.8 July 2, while the general cost-of-living index, calculated on the basis that 1935-1939 equals 100, was 162.1.

The city index show changes in living costs for each city and compare the extent of the rise or fall between cities. They do not, however, compare actual level of living costs.

Montreal continued to have the highest index—165.9—with Vancouver second with 163.6. Third was Saskatoon with 163.5.

The Vancouver figure was 1.6 points higher than at June 1 this year, when it was 162.0, and 4.4 points over the index at July 2, 1948, when it stood at 159.2.

GRADUATES MARCH PAST—One of the features of the colorful graduation ceremony Thursday as 21 senior navy cadets became full-fledged midshipmen at Canadian Services College, Royal Roads, was the march past. On the reviewing stand taking the salute is Rear Admiral H. G. DeWolf, flag officer, Pacific Coast, while friends and relatives watch.

Survives Four Days In Ruined Cathedral

QUITO, Ecuador (AP)—A priest buried four days in the ruins of the Ambato Cathedral has been brought out alive, reports reaching Quito said Thursday.

The priest, Father Juan Batista Palacios, was in the huge cathedral Friday, teaching 50 catechism students when the earthquake levelled the building. All the students were killed.

A supporting arch fell across the priest's body, shielding him from the huge granite stones of the crumbled edifice.

Water Restrictions Lifted In Duncan

DUNCAN—City Council at a meeting here lifted sprinkling restrictions which were imposed during the summer months because of the shortage of water. Maj. J. C. Wragg informed the council that the emergency work at the pumping plant had produced the desired increase in water and there was no longer any need for further restrictions.

The council also approved plans for the new housing project on Wharfedale Road.

VICTORIAN RECEIVES DIRK—Cadet James D. Prentice, Victoria, is shown being congratulated by Rear Admiral H. G. DeWolf on winning the King's Canadian dirk, seen in the admiral's left hand. The dirk is awarded annually to the best all-round cadet. The presentation took place as part of the graduation ceremony at Canadian Services College Thursday afternoon.

OUTSTANDING ATHLETE—Cadet Richmond H. Kirby, London, Ont., was presented with the J. H. Stubbs Memorial Shield by Rear Admiral H. G. DeWolf at the Canadian Services College graduation Thursday. The shield, presented annually in memory of Lt.-Cmdr. J. H. Stubbs, Victoria, lost in the English Channel in 1944, is awarded to the outstanding athlete of the summer term. Standing by at left is Capt. H. S. Rayner, commandant of Royal Roads.

Reserve Ship To Carry Army Men On Fort Warden Trip

Officers and men of the 5th B.C. Regiment, R.C.A., and Canadian Scottish Regiment will be aboard H.M.C.S. Sault Ste. Marie, headquarters and training ship to Victoria's naval division, H.M.C.S. Malahat, when she visits the U.S. Army base at Fort Warden, Wash., this weekend.

Army personnel will include two officers and nine other ranks from each unit. There will be the normal complement of naval reservists and sea cadets from R.C.S.C.C. Rainbow for the trip.

Sault Ste. Marie will sail from her Navy Week berth at the C.P.R.'s Belleville Street docks at 1.30 Saturday afternoon. En route to Fort Warden there will be minesweeping exercises, and similar exercises will be carried out on the homeward voyage, which will return the ship to her Esquimalt base.

Aussie Coal Miners To Return Monday

SYDNEY (CP)—The general coal strike which has paralyzed winter-bound Australia for almost seven weeks will end Aug. 15.

The Communist-dominated central executive of the Australian Miners' Federation has authorized all miners to return to work on that date, R. Hamilton, acting president of the federation, said today.

Peach Production Up

PORTLAND, Ore. (AP)—Peach crops in Oregon and Washington are expected to total 5,807,000 bushels, a boost of about 1,000,000 bushels over 1948.

The federal crop reporting service said the harvest may be 27 per cent above the 10-year average.

Pear harvest in the region was estimated at 12,838,000 boxes above average and 2,500,000 boxes over last year's crop.

Canadair Contracts To Build 100 U.S. Jet Fighter Planes

OTTAWA (CP)—A contract between the Defence Department and the Canadair Company of Montreal for the construction of 100 of the American F-86 type of jet fighter planes will be signed within a few days, it was learned Thursday.

Full details of the contract will not be made public until negotiations are concluded. There have been unofficial estimates that the cost of the planes will be about \$25,000,000.

Defence Minister Claxton announced last April 12 that arrangements were being worked out for the production in Canada of the single-jet F-86—a fighter that reached a speed of 670.981 miles an hour with a full combat load.

The F-86, the first of which may be delivered by August, 1950, will become standard equipment for the R.C.A.F. and will replace the British-made Vampire now in use and considered obsolescent by some Defence Department authorities.

Mr. Claxton has stated that the Dominion is up against the problem of assuring a large enough air force at all times, while keeping up with other countries in air standards, and still keeping within the budget for aircraft construction.

Governor Attends Seniors' Golf Banquet

Members of the Seniors' Northwest Golf Association gathered at the Union Club last night for their annual dinner. Seen at the head table, from left to right: Fred Nation, Victoria; Lieutenant-Governor Charles A. Banks; Mayne Hamilton, Vancouver; Paul W. Meyer, U.S. Consul at Victoria, and Alex Baillie, Tacoma.

Few Major Deals As Britain's Soccer Clubs Set For Opening

LONDON (CP)—The opening of Britain's soccer season this month will set turnstiles spinning, bulge club bank rolls, keep hundreds of thousands of fans out in all weather and set millions more trying to make a fortune at football pools.

The Scottish League will provide the season curtain-raiser tomorrow and the English divisions will open the following week-end.

There have been no startling closed-season developments since Wolverhampton Wanderers won football cup last April and Portsmouth ran away with the league championship. It will be business as usual, but everybody expects it to be big business.

Soccer executives can look their bank managers right in the face these days and most of them are in the market to buy name players at any price. But

few stars have been on the block and starting lineups will be little different from those of a year ago.

The only two major deals of the summer saw Birmingham pay £20,000 (\$80,000) to Luton Town for inside forward Bobby Brennan and Huddersfield Town cough up £17,000 for Manchester City's Ronnie Burke, a centre forward with magic in his boots.

ARSENAL WORKS YOUNGSTER

A youngster who may prove one of the coming soccer greats, 21-year-old Pete Goring, a former butcher's boy, will be given a tryout by London's classy Arsenal squad. Goring, who the Gunners a mere £1,000, has been going brilliantly at centre in Arsenal workouts.

Another name performer sure to help bulge the Gunners' High-

bury Ground to its 80,000 capacity as soon as his cricket duties permit, is England's greatest current all-rounder, Denis Compton.

The debonair Denis has his hands full at the moment playing for England in test cricket matches against New Zealand and building centuries for Middlesex in its drive for the county cricket championship. But his place on the Arsenal attack line will be kept open for him.

Soccer wouldn't be soccer without a controversy or two. Hogging most of the pre-season headlines is a rubarb between Neil Franklin, England's captain and centre-half, and his club, Stoke City.

Franklin wants to be transferred because his wife has doctor's orders to quit Stoke. But the City won't sell and Franklin's salary meanwhile is held up.

Victorian Wins Prize Money In Rifle Match

CONNAUGHT RIFLE RANGES, South March, Ont. (CP)—More than 350 competitors were weeded out yesterday in trials for the important and highly-prized Governor-General's match at the Dominion of Canada Rifle Association shoot.

After firing at three different ranges, 350 marksmen qualified for the finals of the classic which will decide, in some cases, the members of the 18-man team to represent Canada at next year's Empire shoot at Bisley, England.

Fit Lt. D. C. Bullock, a 31-year-old radio officer from Calgary, formerly of Ottawa, fired 102 out of a possible 105 to lead the qualifiers and win a D.C.R.A. silver medal.

Bdr. F. E. Richardson of Victoria, who comes from a long line of sharpshooters, fired 98 points of a possible 100 to take first prize money in the City of Ottawa match. Sgt. W. V. Hall of Ottawa, a member of this year's Bisley team, also fired a 98 to take second prize money. They will shoot off tomorrow for the City of Ottawa trophy.

Richardson was ranked first in the Ottawa match because of better shooting at the longer range. He fired a 48-90 on the two distances, 200 and 900 yards. Hall shot 49-49.

Sixty-six were tied for the last

12 places in the 150 to qualify for the final stage of the Governor-General's. They shot off later in the day to decide the 12 places.

Among those advancing to the final stage of the Governor-General's match Saturday was Miss M. M. Atkinson of Calgary, Alta., a tyro who has been shooting for just a year. She has been chalking up good scores all week and took a prize with a 90 in the Ottawa match.

Luke Easter joins Cleveland Club; Clark To Coast

CLEVELAND (AP)—Luke Easter, the giant negro first baseman who slugged his way to stardom in the Pacific Coast League early this season with San Diego, became a member of Cleveland Indians Thursday.

To make room for their San Diego Padre farm hand, the Tribe sent outfielder Allie Clark to the Coast League club under a 24-hour recall option.

Easter left Manager Buckey Harris' San Diego club June 19 and flew here to undergo an operation for a chipped right kneecap. He appears fully recovered and took batting practice with the Indians before their games with St. Louis Tuesday and Wednesday nights.

The 28-year-old Easter, led the Coast League in homers (25) and batting (.363) when he came east.

Skeet Trap Shoot Scheduled Sunday

Members of the Victoria Gun Club will shoot for legs in the four-year-long trophy competition Sunday afternoon, starting at 2, at the Albert Head Road grounds. Visitors to the city are invited to attend and try their hand at the trap and skeet sport. Members will make their guns available to tourists.

Calgarian Named New President Of Dominion Football

CALGARY (CP)—Charles E. (Charlie) Pinnell of Calgary Wednesday was elected president of the Dominion Football Association, succeeding Dr. O. J. Todd of Vancouver.

Dr. Todd, a professor in Classical languages at the University of British Columbia, was named honorary president, and John Nolan, of Montreal, was elected vice-president.

Walter M. McKellar, of Toronto, was returned as secretary-manager of the D.F.A.

"Election of officers was the highlight of yesterday's sessions of the D.F.A.'s annual meeting. Council members named were: British Columbia, John Richardson, Vancouver; Alberta, Jack Snowden, Calgary; Saskatchewan, James Ritchie, Regina; Manitoba, George Anderson, Winnipeg; Ontario, Alex McGregor, Toronto; Walter Vogan, Montreal.

'Y' Track Team To Compete At Seattle Highland Games

Coach Bruce Humber's "Y" track and field squad is off on another jaunt this week to take in the Seattle Highland Games at the Sound City tomorrow.

Phil Matson and Bob Hutchison, two of the outstanding juniors on the team, will step into senior company for the meet.

Hutchison will run in the 100 and 220-yard sprints along with team captain Harry Mitchell and Rafael Duke, while Matson will enter the half mile.

Gary Pynn will handle the junior dashes with Lon Pimlott representing the club in the junior half mile.

Mitchell, Hutchison, Duke and Pynn will form the 880-yard relay team.

Pat Fleming is the other member of the team making the trip. Miss Fleming will enter the high jump and will be out to better last year's jump of five feet two inches.

Red's To Play Zone Softball Finals Here

Red's Service, who were scheduled to play Powell River in the British Columbia senior B women's zone playoffs at Nanaimo this week-end, have won the series by default, it was announced today.

Red's Service will now meet Vancouver here on Aug. 20 and 21 in the final round of the zone championships.

Warner, Faber Prove Rough On Athletics

Power Wenatchee Chiefs To Baseball Victory; Propst Goes Tonight

Couple of fellows named Jim Warner and Dick Faber proved real poisonous to the Victoria Athletics last night as the fourth-place Wenatchee Chiefs cooled off the local club's bid for a W.L.L. playoff spot by taking the opener of a four-game series 6 to 2. Win moved Wenatchee five games ahead of the A's and assured them of leaving town Saturday night with nothing worse than a two-game margin.

Warner, polished centre fielder of the Chiefs, and leading home-run hitter in the circuit, parked two balls out of the lot in the third and fourth innings to give his club a 3 to 2 margin, while Faber clouted his second double of the night in the seventh with the bags loaded to drive in three

runs. In other words the two outfielders were personally responsible for all six runs in the RBI department. Warner's home-run total is now 33.

Pete Vucurevich, except for the three pay-off pitches he fed up to Warner and Faber, hurled himself a creditable ball game. He went out in the seventh in favor of a pinch hitter and young Frank LeBrun worked the last two frames. The former University of Stanford pitcher, making his first home appearance, was impressive as he got by without giving up a hit.

ORRELL GOES WELL

Except for the second inning when he was tagged for two runs, on the strength of four

hits, veteran Joe Orrell looked plenty smart on the hill for Wenatchee. The ex-major leaguer didn't allow a runner to reach second base after the second frame. He struck out five and walked a pair.

Hoping to even the series, manager Earl Bolyard will come back with his ace finger, Jimmy Propst, tonight. Propst beat Spokane in 11 innings Monday night, and has proven the club's stopper since joining the team in mid-season. Just who will work for Wenatchee is anybody's guess with the Chiefs' pitching staff riddled by injuries.

Singles by Gil McDougald, Charlie Balassi, Len Noren and Bob Day moved the Athletics into a 2 to 0 lead in the second. Warner's opening homer got one run back in the third. With two away in the fourth, Orrell touched Vucurevich for a single and Warner followed with another hoist over the centre field wall to make it 3 to 2.

Vucurevich bumped into trouble again in the seventh after retiring the first two batters, Clint Cameron and Neil Bryant hit successive singles. Ritchie Myers drew a walk to fill the bases. Vucurevich then threw a change up pitch to Faber and he ripped it on a line to right centre for two bases and three runs batted in. That was the scoring for the night.

In other games last night, Spokane snapped second-place Vancouver's nine-game win streak, 9 to 7, league-leading Yakima blanked Tacoma, 6 to 0, and Bremerton edged Salem, 7 to 6, to reclaim sixth place.

George Nicholas was seeling his 16th win for Vancouver until Spokane blasted him for five hits and three runs in the first. He left immediately with what turned out to be his fifth loss.

Team	W	L	E
Spokane	14	1	1
Bremerton	7	14	0
Yakima	6	10	0
Tacoma	5	11	0
Bremerton	5	11	0
Spokane	5	11	0
Vancouver	4	12	1

Anderson	1	16	1
Bremerton	1	16	1

Cleveland Indians Overtime Champions

Cleveland Indians are in second place in the American League, 4½ games behind the pace-setting New York Yankees, but they're easily the overtime champions.

Including last night's 12-inning marathon with Chicago White Sox, the Indians have played 14 games that went beyond the ninth inning this season. They've won 13 of them. They topped last night's by a 6 to 5 count.

Boston Red Sox helped tighten the race by knocking off the Yankees, 7 to 6. A single by Bobby Doerr in the last half of the sixth scored Ted Williams from second, broke a 6 to 6 deadlock, and cut New York's margin over Boston to 5½ games.

Williams wielded the big bat for the Sox. He hammered out his 29th home run and two singles.

Jack Kramer opened for the Sox, but was replaced by Mel Parnell in the sixth. Ralph Buxton was the loser.

Joe DiMaggio accounted for the first three Yankee runs by homering with two mates aboard.

WILD THROW COSTLY
After overcoming a 5 to 3 deficit with two runs in the eighth, Cleveland won in the 12th when Chicago second baseman Cass Michaels threw wildly to first in an attempt to complete the inning-ending double play. Johnny Berardino scored from second on the error.

Bob Feller, last of six Cleveland hurlers, was awarded the win, his 11th, and fifth straight.

Brooklyn broke a deadlock with St. Louis for first place in the National League by outslugging Philadelphia Phils, 10 to 7. The victory put the Dodgers a half-game up on the idle Cardinals.

A home run by Pee Wee Reese with two mates aboard in the top of the eighth snapped a 7 to 7 tie. A pair of four-baggers by catcher Andy Seminick had kept the Phils in the game up to then.

D.F.A. Committee Seeks To Develop Soccer In Canada

CALGARY (CP)—A nine-man committee, headed by J. E. (Blackie) Bengert of Vancouver, was formed by the Dominion Football Association Thursday to promote junior and juvenile soccer across Canada.

Formation of the committee was made at the final session of the annual four-day meeting of the D.F.A.

Major A. L. Steele of Toronto, veteran Canadian soccer official, was named chairman of the important foreign relations board, which will arrange for and handle tours by visiting eleven from the United Kingdom and other countries.

Earlier, the 25-odd delegates present selected Vancouver as the site, of the 1950 Dominion finals.

Setting up of the junior committee marked the opening gun in an intensive drive by the D.F.A. to encourage and stimulate the growth of the Old Country's national game among Canadian youngsters.

Earlier in the week, delegates voted a \$2,000 initial grant in aid in the work of such a committee.

Dave Thompson of Saskatoon was elected vice-chairman of the committee and Dave Compere of Vancouver, secretary-treasurer.

ADDEY BELL DIES
WINNIPEG (CP)—Alex (Addy) Bell, 53, who coached Portage La Prairie Terriers to the only Memorial Cup won by a team from the mid-Manitoba city, died in hospital yesterday. He was one of Manitoba's best-known and best-liked hockey coaches. Funeral arrangements have not been completed.

Gonzales Reaches Tennis Semifinals

NEWPORT, R.I. (AP)—National singles champion Richard (Pancho) Gonzales, improving as the tournament progresses, battled his way into the semifinals of the Casino's 30th invitation prize courts tennis tournament Thursday.

By ousting fifth-seeded Herb Flam of Beverly Hills, Calif., in four rugged sets, the top seeded Gonzales joined San Francisco's Arthur Larsen in the second last round.

Gonzales won by scores of 4-6, 7-5, 6-2, 6-1.

MAINLAND BOXING
NEW WESTMINSTER (CP)—Adanacs scored their 15th victory in 17 starts last night as they squeaked past Vancouver Indians 12 to 11 in an intercity boxa contest.

The Redskins, trailing 12 to 7 at three-quarter time, blanked Adanacs for the first time this season as they notched four to come dangerously close to a tie.

The Redskins, trailing 12 to 7 at three-quarter time, blanked Adanacs for the first time this season as they notched four to come dangerously close to a tie.

Tiremen Rout Loggers In League Semifinal

Jim Lackie is smiling today. His Douglas Tire softball squad last night stomped all over Timber Service in the first game of the Senior A League semifinal playoffs, 11 to 5, to make up in part for the tiremen's defeat at the hands of the loggers in the zone series.

Baseball May Scrap Its Bonus Rule

CHICAGO (UP)—Major league baseball clubs today considered a resolution that may eliminate the controversial bonus rule from the major-minor league agreement.

A resolution urging the striking of the rule was approved yesterday by the executive council of the group governing major and minor leagues. It will be submitted to a mail vote of all clubs covered by the agreement and the rule will be struck if three-quarters of the teams concur.

Oakland Knocks Off Seattle For Third Straight Time

Oakland Oaks are demonstrating in an explosive way that they are still out to repeat as Coast League champs.

For the third night in a row, the Acorns have exploded in late innings to blast Seattle. Thursday night's score was 11 to 6. Cookie Lavagetto hit five for six to take Oakland sixth honors.

The top-of-the-league standings remained unchanged. Hollywood, with Willie Ramsdell's knuckle ball limiting Portland to four hits, shut out the Beavers 2 to 0.

Hollywood still holds a 3½ game lead over Sacramento which is a half-game in front of Oakland. The Solons made it four straight over Los Angeles, 2 to 0.

San Francisco knocked off San Diego 5 to 3.

Los Angeles R. H. E.

Tillicums Edge Jokers In Playoff Opener

Tillicums went one game up in their best-of-three playoff semifinal with Jokers last night when they broke a 5-all tie late in the final period and went on to win by a 7 to 5 margin.

Johnny Bamford picked a rebound out of the air after a shot by Bob Long had bounced off goalie Jim Hetherington's pads and fired the ball over the goalie's shoulder to tally what proved to be the winning counter.

The final goal of the game came as a result of a loose defence put up by the Jokers when they were caught up the floor, and Hetherington waved his stick on a waist-high shot by Gordy Ritchie.

The game was played in typical playoff style. Both teams checked furiously, and the shots on goal were few and far between.

Jokers looked like a different team last night after the exhibition they showed in Tuesday's game. Coach Roy Woolsey kept his players on their toes and they came back on defence to give Hetherington a lot more support

than Bryant received in his last time in the nets.

UPPER HAND

Tillicums, improving each time out, are going to be hard to stop now that they have the upper hand. Coach Arnold Ferguson's experience has shown in the clubmen's play and they are taking advantage of every break that comes their way.

Art Green, the hustling centre of T.A.C. marked up the first goal of the game, after taking a pass from Johnny Bamford. Bamford, notched his initial goal of the night at the 1:45 mark of the second period and the Tillicums went ahead 2 to 0.

Al Rhodes of Jokers got credit for his team's first goal when his long, hard shot from the side trickled across the line after it had been partially stopped by Buzz Long.

Bob Long of T.A.C. gave his team a two-goal lead again, scoring on a free shot. Ralph Temple closed the gap to 3 to 2 when he bounced in a easy shot after picking up a quick pass from Kenny Banks.

Little Red Mason took a pass from Roy Lawrence, backed up a couple of steps and let fly at Hetherington. He got part of his bulk on the sphere but it carried on into the nets and T.A.C. were

leading 4 to 2.

TWO FOR BOOTH

The ever dangerous Larry Booth of Jokers took a pass from teammate Bill Cunningham and beat Buzz Long with a hard low shot to blink the red light and the teams reached half-time with the winners on the right end of a 4 to 3 score.

Booth put his team on even terms at 4 all when he carried through after receiving a pass from Cunningham again, and the goal was the only one scored in the third period.

Only 45 seconds had passed in the final period before the Tillicums grabbed the lead again on a counter by Edwin Popham. But Tommy Joyce tied it up again at the 7:40 mark scoring on a free throw from out in front of the goal.

After Joyce's goal, players on both teams were checked to a standstill, and they were all laying back waiting for a break. Bamford's tie-breaking goal came as a surprise.

GAME TUESDAY
These same two teams play in the second game of the semifinals next Tuesday and lacrosse fans should witness a real hard struggle.

In a preliminary game between the Blue Bombers and Yellow

Jackets of the Pee-wee division the latter upset the league leaders by the lopsided score of 11 to 1.

Dennis Atkinson was the big gun as he tallied five goals. B. Erice with three, Barker, Bauch and Huston with singletons rounded out the scoring for the winners while little Kenny Watson made up the Blue Bombers only goal.

Experts Figure Greco Will Make Return To Boxing

MONTREAL (CP) — It may well be true that Canadian welterweight champion Johnny Greco is going to retire from the ring, but veteran ringsiders here will give you odds-on money that he'll be back.

The announcement of Greco's retirement followed his recent middleweight bout with Laurent Dauthuille of France. The swarthy Italian Canadian received the biggest jolt of his seven-year ring career when he hit the canvas in the fifth round—the second knockout of his professional career.

Observers here recall that the 26-year-old slugger was stopped from fighting in New York a couple of years ago when district attorney Frank Hogan investigated gambling in the boxing business.

The second-guessers contend that Johnny's announcement of retirement is merely a move to shake off his present handlers, who were also named along with him in the gambling investigation and try to get back into the good graces of the New York district attorney.

Seniors' Golf Results

Results of semifinal matches in the various class championships and the flights in the annual Seniors' Northwest Golf Association tournament at the Victoria Golf Club follow:

A CLASS CHAMPIONSHIP
W. H. Abbott beat A. Dale Davies 4 and 3; Paul Gieser beat L. S. V. York 1 up.

B CLASS CHAMPIONSHIP
Fred Burnaby beat G. S. Butterfield 1 up; J. H. Ballinger beat E. L. Skel 2 up.

C CLASS CHAMPIONSHIP
K. C. Allen beat H. W. Andrews 2 up; A. Bull beat J. Ryan 2 up.

D CLASS CHAMPIONSHIP
R. P. Perry beat C. E. Bonnell at 18th; G. Cox beat R. O. Wheeler at 18th.

GRAND CHAMPIONSHIP
M. O. English beat C. F. O. Pattullo 6 and 4; W. O. Mackay beat A. E. Jones 2 up.

A CHAMPIONSHIP 1ST FLIGHT
R. E. Thatcher beat F. Conley 1 up; J. Gordon Smith beat F. C. Neal 1 up.

B CHAMPIONSHIP 1ST FLIGHT
C. D. Christensen beat G. S. Livsey 2 up; Don R. Mundy beat J. W. Thompson 1 up.

C CHAMPIONSHIP 1ST FLIGHT
F. S. Stancic beat R. Bruce 1 up; W. J. Grenier, by default.

D CHAMPIONSHIP 1ST FLIGHT
T. S. Whitman beat V. E. Rabel 1 up; Gordon Bowers beat V. G. Broder 6 and 4.

2ND FLIGHT
John McKinley beat F. R. Ticeom 1 up; O. N. Pyle beat R. J. Martin 1 up.

3RD FLIGHT
J. I. Colwell beat L. E. Cagle 4 and 3; H. H. Livsey beat W. O. Neal 1 up.

4TH FLIGHT
S. G. Smith beat W. S. Babson by default; J. E. Golding beat A. B. Linn 7 and 4.

5TH FLIGHT
R. J. Burland beat Guy T. Pierce by default; F. E. Norton beat R. D. McDonald 3 and 2.

6TH FLIGHT
Taylor M. Greene beat F. Weigenth 1 up; R. K. Reafoote beat M. D. Hamilton 1 up.

Group Renews Efforts To Buy Salem Ball Club

SALEM, Ore. (AP)—Assistant Secretary of State William Healy and other local sportsmen Thursday renewed efforts to buy the Salem Senators of the Western International League.

The move stemmed from recent threats of the Portland Beavers of the Pacific Coast League to sell or transfer the franchise of the farm club.

Healy and several unidentified associates attempted to buy the Senators for \$60,000 a few weeks ago. But Healy said Bill Mulligan, Beavers' business manager, asked \$125,000 for the club and its home park, Waters Field.

"I doubt if the league would authorize a transfer of the Salem franchise," Healy said. He planned to confer with Mulligan sometime this week.

Jerry Vantreight To Drive At Langford

A familiar figure of past seasons will make his return to Langford Speedway tomorrow night when Jerry Vantreight comes out of semi-retirement to drive the No. 12 car owned by George Haslam.

A strong American entry including Del and Gene Fanning, Don Olds and Ernie Spaulding will be on hand.

All local cars are reported in good shape for the weekly big car show which gets under way with the time trials at 7:30.

NORTH ADAMS, Mass.—Doc Williams, 174, North Adams, outpointed Henry Hall, 176, New Orleans (10).

NEW YORK—Jimmy Slave, 169, New York, outpointed Grant Hodges, 167, Miami, Fla. (8).

Powerboat Fishing Prize Feature Of Sunday Derby

Saanich Inlet should see a big fleet of sport fishing craft in action on Sunday as members of the Victoria-Saanich Inlet Anglers' Association go out to catch the "big one" in the international derby.

It will be the final big fishing competition of 1949 at Saanich Arm.

Into the display windows at Wilson and Lenest's Government Street store today will go the handsome first prize in the fishfest—a \$350, 12-foot boat with an inboard motor . . . and unlike some of the derbies of the past this top award goes to the derbyist weighing in the top weight salmon.

In the consolation list among the derby prize are a Westminster chimes clock and a pair of binoculars. These can be won by merely purchasing a derby ticket.

No. 2 fishing prize is a sleeping bag, while the third is a back rest arrangement for a boat seat. Fourth is a waterproof jacket. Others are: 5, fishing reel; 6, tackle box with lures; 7, salmon rod; 8, 900 feet of wire line; 9, fishing net, and 10, 600 feet of wire line.

There is something special to the woman derbyist catching the largest salmon. It is a beautiful bone china set.

Les Dicks, derby committee chairman, points out that like all the other competitions this one will start with a signal at 6 in the morning and will close at 4. Derby fish can be weighed at either Hall's end or the Anchorage.

The Anchorage will be the scene of the prize-presentation at 4:30.

Ken Darbyshire's Entry Cracks Down In Feature

VANCOUVER (CP)—Little Louella, eight-year-old chestnut mare owned and trained by Ken Darbyshire of Victoria, led from wire to wire in the featured \$1,200 seventh race Thursday at Exhibition Park to pay \$7.20, \$3.10 and \$2.30.

With jockey Teddy Johnson in the stirrups, Little Louella had to withstand a determined challenge from Susan's Agent rounding the top turn, but lengthened on the field in the stretch run. Susan's Agent was second and Lady Playfair third.

A sloppy track brought slow times and kept the favorites away from the winner's circle but hunch bettors collected on Maybe Thursday in the second. The five-year-old romped in the soft going and won by three lengths to post a \$5.40 wire price.

The daily double, Fun Time to Maybe Thursday, was worth \$28.85, while the quinella, Ariel Wing and Mona Kelk paid \$22.40.

Results follow:
First Race—Claiming, \$850, three-year-olds and up, six furlongs:
Fun Time (M. Johnson) \$12.40 \$4.80 \$2.85
Mona Kelk (H. Johnson) 2.95 2.35
Hazelgreen (H. Johnson) 2.15
Time, 1:17 4/5

Also ran: Ideal Joe, Vix Pina, Diana Johnson, Fountain Girl, Race Track, Norven.

Second Race—Claiming, \$850, three-year-olds and up, six furlongs:
Maybe Thursday (M. Johnson) \$5.40 \$2.10 \$2.85
Peggy Lou (T. Johnson) 3.10 2.55
Sunny Vao (Hetherington) 2.70
Time, 1:18 1/5

Also ran: Flend, Dolly Somers, Paper Heels, Bomberette, Rural Parade, Adores Mol, Chippergram.

Daily Double, \$28.85.
Third Race—Claiming, \$850, three-year-olds and up, foaled in Canada, six furlongs:
Brian R. (Connell) \$6.40 \$2.80 \$2.65
Speedy Lass (Moreno) 14.50 6.10
Time, 1:18 4/5

Also ran: Burlake, No Hurry, Out Tuned, Brown Eggs, Cherry Marcus, Rodatown, Curious Marcus.

Fourth Race—Claiming, \$850, two-year-olds foaled in Canada, five furlongs:
Meadows Dale (Hetherington) \$7.40 \$4.40 \$2.70
Lady Dora (Coppernoll) 7.15 3.00
Bonnie Todd (H. Johnson) 2.40
Time, 1:19 1/5

Also ran: Admell, Rex Nimbus, Be Breezy, Breeze Breeze, Dream Stuff.

Fifth Race—Claiming, \$850, three-year-olds and up, six furlongs:
Bayada, Mc (Christensen) \$9.80 \$5.75 \$3.50
North Bonard (Summers) 6.65 3.75
Carnegie (Hisco) 3.90
Time, 1:18 1/5

Also ran: Burka, Regal Nicco, Teddy's Pining, Bucky Pete, Pass Forward, Thine, Dear, All Most, 2.40 2.15

Time, 1:49 2/5.
Also ran: Layla Bay, Reglar Joy, Havel, Roman Emperor, Queen Rhymer, Best Legs, Paris Doll, Quintella, \$22.40.

Ky. Colonel Sets New World Mark For Seven Furlongs

CHICAGO (AP)—Ky. Colonel, owned and bred by Joseph A. Goodwin of Lexington, Ky., Thursday lowered the world record for seven furlongs by two-fifths of a second by sizzling home in 1:21 2/5 seconds in the \$25,000 Sheridan Handicap for three-year-olds at Washington Park.

The old record of 1:21 4/5 was shared jointly by Buzfuz, Honey-moon and Dinner Gong.

Ridden by Jess Highley, Ky. Colonel led Fred W. Hooper's Olympia to the wire by 2 1/4 lengths. Calumet Farm's De Luxe was in third place, 1 1/4 lengths back.

Ky. Colonel returned \$8.60 and \$3.20, Olympia \$2.40. There was no show betting.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

New Pipe, Boon To Homebuilders

Recently, a plumbing inspector asked your J-M reporter to look at new houses with him. He pointed out many developments that are a boon to the homeowner. One of these was a white pipe, called Transite House Connection Pipe, made by Johns-Manville.

This durable asbestos-cement pipe is designed for carrying sewage from the house to the street sewer or septic tank. Its special factory-made Taper-Joint helps prevent stoppages caused by tree roots forcing their way into the pipe. Transite is tough and strong yet light and easy to handle. Long ten-foot lengths make it easy to lay with minimum disturbance to property.

For complete facts on Transite House Connection Pipe, write Johns-Manville, 1206 Homer St., Vancouver, or see your nearest J-M dealer.

Fire In Warehouse Storing Matches Promptly Checked

Quick-acting city firemen extinguished a fire at 10 this morning in the Duncan Storage building, 522 Bastion Street, which easily could have developed into a major conflagration.

The fire occurred in a section of the building rented by Heaney's Storage Ltd., and used as a warehouse for department store goods.

The warehouse, situated just behind the Bastion Street Court House, contained several thousand gross of matches and a number of bales of straw-packed chinaware.

The fire started while workers were attempting to shift one of the bales of china. As they pushed it through a narrow opening between other bales and a stack of matches, a wooden part of the bale caught a match box, ripping off a corner and setting one package on fire.

This went unnoticed until flames touched the straw and smoke developed.

An alarm to the main city fire hall was sent immediately. Being an old part of town with

most of the building of wood construction, the fire department took no chances. Two pump trucks, a service truck, an aerial ladder wagon and two cars were dispatched to the scene.

Police also responded to the call. Fire Chief Robert Brindle, who attended, said he would order changes made in the storage set-up so that matches in future will be kept apart from other merchandise.

Entries Received For Tennis Tourney

Twenty-five entries have been received to date for the Junior Tennis Tournament to be held Aug. 22-26, Gordon Hartley, playground director, said today.

Entries close Thursday. Carl Brand, president of the Victoria Lawn Tennis Club will be interviewed, in connection with the tournament, over the Playground Program of the Air at 6.15 Saturday night.

A fine of \$10 was imposed against Victor Ray, 1417 Government Street, when he pleaded guilty in city court today to a charge of failing to dim his lights on Pandora Avenue Aug. 5. The court was told an officer dimmed his lights six times to warn accused, who did not respond.

The Muir glacier in Alaska discharges some 200,000,000 cubic feet of ice daily into Glacier Bay.

Car Stopped With No Brakes, Horn, Lights, Defective Steering

Probably another good example of why a car-testing station is required in Victoria to make sure vehicles on the streets are in sound mechanical condition, was found at 11.30 Thursday night by Constable Keith Hollett.

The officer stopped a car that was driven south on Blanshard Street and west on Yates Street in an erratic manner and checked it.

Besides learning the driver had no driver's license, the officer found the car had no brakes, no horn, no lights and defective steering. The car was taken to city police parking lot and the driver had been told to take it to a garage.

Two Injured In Highway Accident

Two of six persons in a car which turned over in the ditch on the Island Highway by the Six Mile House at 1 this morning were taken to hospital, B.C. police reported.

Richard Jones, 525 Simcoe Street, a passenger, was taken to St. Joseph's Hospital in an unconscious state suffering, it is believed, mostly from shock. He was reported to be resting comfortably by hospital attendants.

Edward Taylor, 2528 Rose Street, the driver, police said was taken to the same hospital for chest hurts. The hospital reported he was not admitted.

Others in the car were Mrs. Taylor, J.P. Kavic, vehicle owner; S. L. Dickey, 606 Yates Street, and Miss L. Turcott, 2509 Vancouver Street, police reported.

Unclaimed Money Awaiting Veterans

An undetermined number of veterans in British Columbia have never claimed their war service gratuities and probably do not even know that they are entitled to this money, D.V.A. officials said today.

"This fact has come to light recently while interviewing applicants for grants from the War Veterans' Allowance Assistance Fund," Mr. Clerk said. "Some veterans, especially those in the older age group, who served for a short period only and were discharged early in World War II, seem to be under the impression that they were not entitled to either gratuities or re-establishment credits unless they had served for at least six months."

This is not so. Veterans who served 30 days or over are entitled to these benefits. At the close of the war, application for them was part of these discharge procedure.

However, men discharged during the early years of the war must apply for them by completing special forms available from D.V.A.

Grant Of \$98,833 For St. Joseph's

The federal government has approved a grant of \$98,833 to St. Joseph's Hospital here to help defray the cost of the construction project presently under way, it was learned today.

The final installment, payment will be made when patients are admitted to the completed building.

Word of the grant came from Health and National Welfare Minister Paul Martin through Fisheries Minister R. W. Mayhew.

Whaley Captures Seniors' Golf Title For Fifth Time

Ralph Whaley, Seattle, today won the grand championship of the Seniors' Northwest Golf Association for the fifth time. In the 18-hole final at the Oak Bay Links of the Victoria Club Whaley defeated Dick Bell-irving of Vancouver 3 and 2. Whaley had previously lifted the title in 1944, 45-46-47.

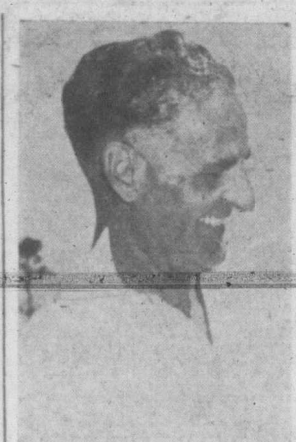

Neither of today's finalists played golf of championship calibre but Whaley was the most consistent of the two. The Seattle veteran provided his margin of victory with beautiful tee shots on the short eighth and ninth holes to reach the turn 2 up. On the eighth he was 18 inches from the cup and on the ninth 30 inches away and dropped both putts for birdie deuces.

After the first two holes were halved Whaley gained the lead by winning the third with a par four when he blasted out of a bunker three feet from the cup and dropped his putt. The new champion took the fourth with a par four.

SQUARES MATCH
Bell-irving won his first hole at the fifth with a bogey five as Whaley was all over the course. Whaley three-putted the sixth and the match was all square. The seventh was halved with Whaley again requiring three putts.

After winning the eighth and ninth Whaley increased his lead with a win at the 10th when Bell-irving hooked his tee shot into the bushes and picked up.

The 11th and 12th holes were

RALPH WHALEY

halved with Bell-irving winning the 13th to reduce his opponent's lead to two holes. The 14th was halved. Whaley won the 15th when Bell-irving dubbed his second and three-putted. The 16th was halved in fours giving Whaley the championship 3 and 2.

Jack Ballinger, Seattle, won the B class championship from Fred Burnaby, Seattle, 4 and 3. K. C. Allen, Vancouver, defeated A. Bull, Vancouver, 2 and 1 for the C class championship and R. Filberg, Comox, won from O. Cox, Victoria, for the class D title.

\$1 Fines For Slugs In Meters; Magistrate Criticizes By-Law

Magistrate A. I. Thomas, in city police court this morning told counsel for three persons who pleaded guilty to depositing slugs in a parking meter to pay for parking space "they've got the benefit of a poorly-worded by-law or would face a heavy fine."

Fines of \$1 each were imposed. Charges were laid on Aug. 9 by Constable Bonar L. Hannay, who spent three days investigating the case.

None of the accused appeared in court. Gerald H. Cross, lawyer, appeared on their behalf.

Little Change Seen Here In Prices Of Building Materials

An expected overall price drop of building materials had not materialized as yet, according to building suppliers who reported today that on the whole prices of materials had remained stable during the past two months.

While there had been a slight decrease in the price of low-grade lumber, there had been no reduction in the better grades of lumber, such as Douglas fir, because of the steady demand for it, it was reported.

On the other hand the demand for hemlock was dropping off steadily, and some dealers expected a decrease in price on this type of lumber. The price of hemlock was now approximately 10 per cent lower than fir.

It was pointed out builders were reluctant to use hemlock for various reasons, in spite of the fact that it was a desirable wood if used in the right place. Dealers said with time builders would have to make a greater use of hemlock because of the large demand for fir.

Plywood was more available, but prices had remained steady, dealers said. While Canadian nails were selling at the same price, American nails had decreased in price by 30 per cent, hardware merchants said. There had been no decrease in the price of paints, glass and locks.

One hardware merchant reported that vitrified tile had decreased slightly. Hardware wholesalers said their prices were the same but retailers, in some cases, had cut prices in competitive selling.

Second Arrest Soon In Vancouver Hold-up

VANCOUVER (BUP) — Vancouver police said today they expect to make another arrest shortly in connection with the Aug. 6 hold-up of a city bank. Already one man has been charged with the \$5,100 hold-up of the Dunbar branch of the Bank of Nova Scotia. He is Tony Schlosser, 34-year-old Vancouver garage man.

George Lefler, superintendent

of the criminal investigation bureau, said Schlosser was picked up Thursday at Midway Motors in Vancouver, which he operates. He said the accused had \$240 in cash in his possession when arrested.

Charge against Schlosser was laid after he was picked out of a police line-up by four employees of the bank which was robbed by two masked, armed men.

Saanich Purchases Tank Truck To Fight Rural Fires

Reeve E. C. Warren of Saanich today reported an addition to fire department equipment to handle fires in the Ward Six farming section in the form of a 1,000-gallon tank truck from the Home Oil Company.

"It's a 1938 model G.M.C. and we got it for the bargain price of \$385," said the reeve, who noted that immediate delivery had been assured.

Deal was clinched after municipal mechanic had looked over the vehicle in Vancouver Thursday and judged it suitable.

The tank truck plan is to provide water to combat fires in the rural ward. Ratepayers demanded improvements following total losses being chalked up this year due to the lack of an available supply of water in that area.

Col. Hood Dies At Royal Jubilee

Col. the Hon. Francis George Hood, 2636 Currie Road, 69, youngest son of the late 4th Viscount Hood and late of the Royal Engineers, died Thursday in Royal Jubilee Hospital.

He leaves his widow, daughter of Col. E. G. Prior, lieutenant-governor of B.C. from 1919 until his death in office in 1921. A son, Francis Basil, and grandson, of Victoria, also survive.

Col. Hood was born in London, Eng., and came to Victoria as a lieutenant in the Royal Engineers in 1902. He served here until 1906 when the Imperial forces were withdrawn.

He retired from the army in 1929 and returned to Victoria to reside.

He was a member of the Britannia Branch of the Legion, the Army and Navy Veterans and the C.P.R. Lawn Bowling Club.

Private funeral services will be held from Hayward's Ltd. Monday morning at 11.

Articles of clothing and a camera were stolen this week from a car owned by Victor C. Rose, 611 Gretna Green Way, Los Angeles, while parked on a Johnson Street lot, police reported. Entry was gained by breaking a side "wind screen" window.

Mayhew On Holiday Before House Opens Next Month

Fisheries Minister R. W. Mayhew flew into Victoria this afternoon for a vacation on Vancouver Island which he hopes to spin out to the end of the month.

He plans to spend most of the time at his Shawangin Lake summer home, relaxing with fishing pole before returning to Ottawa early in September before the opening of the House of Commons around the middle of the month.

Mr. Mayhew has been on the road" five weeks meeting representatives of the fishing industry from coast to coast and he thinks he deserves a good rest.

The fisheries chief, B.C.'s only

federal cabinet minister, speeded his tour to arrive here in time to attend the funeral of a longtime family friend, the late Mrs. Edna Louise Bastedo of San Francisco and formerly of Ottawa, who died in St. Joseph's Hospital last Tuesday.

In a Vancouver interview before his departure by air for Victoria, Fisheries Minister Mayhew said Ottawa's proposed \$1,245,000 grant toward the B.C. government's extension of the P.C.E. Railway from Quesnel to Prince George, was "all I had hoped and worked for."

Announcement of the federal government's willingness to help in the project was made two weeks ago when Premier Byron Johnson was in the federal capital.

Mr. Mayhew said: "I supported federal aid for the railway strongly."

He did not expect any opposition to the grant being made when the question is brought before the Commons next month for approval.

Mr. Mayhew said he welcomed the bigger load which has been thrown onto the fisheries department through the entry into confederation of Newfoundland. It was a pleasant added burden, he said.

Approve Grant For Fourth Inspector

Victoria and Esquimalt probably will have an additional sanitary inspector shortly.

Fisheries Minister R. W. Mayhew has reported that a federal health grant of \$3,300 has been approved to cover the cost of the addition to the health department staff.

Dr. J. L. Gayton said the grant would be discussed by the health committee and then handed on to City Council for action.

Approval already has been given to application for addition of the inspector to the staff. The grant will cover his salary and traveling expenses to March 1 next year.

Dr. Gayton pointed out the need for an additional inspector for the Victoria-Esquimalt health department which now has only three for a population of nearly 70,000.

KID KONG

"Have you seen anything of my corner?"

Says Mrs. Truman Received Gift From Five Per Center

WASHINGTON (AP)—A report Mrs. Harry S. Truman was among notables who received deep freezes from a concern figuring in the Senate's 5 per center inquiry today brought this reply from Presidential Secretary Charles G. Ross:

"I have no information whatever about that."

Ross was told a news story named Mrs. Truman, along with Chief Justice Vinson, Secretary of the Treasury Snyder, James K. Wardman, Federal Reserve Board governor, and George V. Allen, former R.P.C. member and presidential intimate also received deep freeze units.

"I know nothing whatever about that, either," Ross said when the other names were mentioned.

The matter of the deep freeze units entered the hearing Thursday when a Milwaukee businessman testified that he shipped one in 1945 to Maj. Gen. Harry H. Vaughan, President Truman's army aide.

Mr. Truman told his news conference later in the day that nothing brought out at the inquiry so far had changed his opinion of Vaughan in the slightest.

"Well, I'll be damned," was the first reaction of Senator McCarthy (R-Wis.), a member of the investigating group.

He was commenting on the decision of the U.S. Atomic Energy Commission to start a trial program in which American industry would be given inside information on techniques that could be applied to industry.

Canada's atomic research, he said, had been on a smaller scale than in the U.S., and this country had not undertaken a large industrial program "like the Americans did to produce the atomic bomb."

As a result, developments that would help industry "have naturally been on a small scale here, but any information we gather that is not secret is immediately made available to the public," MacKenzie said.

MacArthur already had on file his views on "the strategic potentialities of the area embracing my Far East command."

"There is little that I could add to it," he said.

MacArthur said he had furnished his general view on China in a letter to the House Foreign Affairs Committee dated March 3, 1948.

The letter said the loss of China to Communism would be as serious to the United States as the advance of Communism in Europe.

MacArthur Declines To Return To U.S. For China Talks

TOKYO (UP)—Gen. Douglas MacArthur today refused to return to the United States for talks on China because of "an impelling sense of duty" in Japan.

Replying to a request from Senator William F. Knowland (R-Calif.) that he testify before Congress, MacArthur pointed out that China was outside the area of "my command, responsibility of authority."

But he said he was "deeply appreciative of the honor" bestowed on him when "certain distinguished members of the U.S. Senate" asked that he be returned.

MacArthur said he had furnished his general view on China in a letter to the House Foreign Affairs Committee dated March 3, 1948.

The letter said the loss of China to Communism would be as serious to the United States as the advance of Communism in Europe.

'Gone With Wind' Authoress Nearly Killed In Mishap

ATLANTA (AP)—Margaret Mitchell, the little southern lady who wrote "Gone With the Wind," was nearly killed Thursday night by a speeding car.

Police said the quiet, middle-aged author of the fabulous romance of the war between the states was knocked to the pavement by a drunken taxi-driver and dragged 15 feet.

Placed under an oxygen tent in a hospital she was given a blood transfusion early today, after her blood pressure fell.

Attendants said she responded satisfactorily.

Miss Mitchell—in private life she's Mrs. John Marsh—received a possible skull fracture, internal injuries and an injury to her right leg.

After nearly four hours of unconsciousness, the 43-year-old novelist could only mutter incoherently when internes spoke to her.

Police charge the taxi-driver—28-year-old Hugh D. Gravett—with drunken driving, speeding and driving on the wrong side of the street.

Fishing Vessel Found
SYDNEY, N.S. (CP)—R.C. M.P. today reported they were investigating the finding of an abandoned, partly submerged 30-foot fishing vessel Thursday 13 miles northwest of Cheticamp, a western Cape Breton Island village. They added that the vessel, which carried no name, would normally have a crew of six.

\$173,000 Ransom Asked

PALERMO, Sicily (AP)—Armed, masked bandits kidnapped a 62-year-old baron today, the fourth rich Sicilian to be seized for ransom in the last few days. Police blamed the kidnappings on Salvatore Giuliano's bandit gang, which has terrorized Sicilian mountainsides near Palermo for more than two years.

Seizure of the baron, Gabriele Dara, was followed by a ransom note demanding 100,000,000 lire (\$173,000).

Woman Visitor Hurt

A possible fractured ankle and bruises were suffered by Mrs. Logan Bleckley Jr., visitor from Atlanta, Georgia, at 7:20 Thursday night in a fall at Thunderbird Park. City policemen, who took the woman to Jubilee Hospital, said she had fallen and struck her ankle on a log.

Only four passenger automobiles were registered in the United States before 1895.

Usual Fall Pick-Up Believed Coming To U.S. Business

NEW YORK (CP)—A mild improvement in some lines of industry suggests the usual autumn business pick-up is coming to the United States.

Many businessmen were fearful early this year prices might fall sharply. Apparently they

cut down their inventory more than they should have.

Now some are restocking their shelves and statistics of the member banks of the Federal Reserve system show a moderate increase in business loans. The figures have been given considerable attention since they disclosed a reversal of an uninterrupted downward trend during the last six months.

But the late-summer upswing is a normal occurrence and this year's, while welcome and (to some pessimists) unexpected, is later than usual.

Most business indices indicate a recession is still in taking place. Unemployment is higher in some industrial areas, and company accounts for the second quarter of the year indicate that profits are falling. Excluding steel and motor companies, which have been feeling the recession only slightly, other profits are down more than 20 per cent for the second quarter as compared with a year ago.

The fact profits have been falling faster than prices is being interpreted as a reflection of the burden on industry of high production costs, particularly the cost of labor. There is no indication these costs will be reduced much, for any drop in raw materials may well be wiped out by further increases in the wage bill.

Most New York experts forecast that business will be solidly on the up-grade again before long. But speculators are cautious, waiting for some definite sign of a consistent upswing before they risk their capital.

FRANKFURT (AP)—The last restrictions on rail traffic between western Germany and Berlin were lifted Thursday. After the Berlin blockade ended, individual Germans and businesses were banned from shipping food or goods to Berlin by rail.

Leads For 'Roberta' Will Arrive Sunday For Rehearsal

The principal leads of "Roberta" will arrive in Victoria on Sunday for a special dress rehearsal that evening. Leading the cast are Betty Phillips, Lynn Jonson, James Johnston, Barney Potts, Doris Buckingham and Karl Norman.

The dancers and chorus will be Victoria's own outstanding young talent who have won acclaim in recent performances.

The most outstanding of Jerome Kern's musicals "Roberta" was acclaimed recently when it played at the Theatre Under the Stars in Vancouver to the largest crowds ever experienced in the history of the popular outdoor theatre.

"Roberta" will open at the Starlight Theatre on Monday for three days in the Memorial Arena. Tickets are now available at Fletcher's.

Recommend Increase When Books Withheld

Because a Vancouver manufacturing company refused to produce its books for inspection by a conciliation board, the board has recommended an eight-cent-an-hour wage increase to its employees.

This is reported through the Labor Relations Board which released the award of the conciliators.

The company was Western Crown Manufacturing Co., whose employees represented by the I.W.A., Local 137, asked for a 25-cent-an-hour wage hike.

Conciliators G. E. Street and Herbert Gargrave—Mr. Street the chairman of the board and Mr. Gargrave representing the employees—agreed that:

"In view of the fact the company has very definitely refused the union's representative the right to examine its balance sheet, the majority of the board recommends the increase (of eight cents)."

History Of Interior Not Known On Coast

The industrial areas of Trail and Rossland owe their prosperity to the famous Dewdney Trail, Ronald Burns, a former resident of the interior of British Columbia, stated in an address to members of the Oak Bay Kiwanis Club Thursday night.

The speaker indicated that people living on the coast all their lives were ignorant of the history of the interior. Mr. Burns, whose hobby is delving into the history of ancient trails and roadways in the province, stated that the Dewdney Trail was built over a period of years for the benefit of miners who were flocking to the province.

Original trail was six feet wide and was constructed mainly by Chinese, he stated.

Visit Nanaimo For Air Force Recruits

Nanaimo and district young men will have the opportunity of obtaining up-to-date enlistment information with the visit of representatives from the Victoria recruiting unit of the Royal Canadian Air Force this weekend.

F.O. J. N. Hall and F.Sgt. L. H. Kelsey will be at the Globe Hotel Aug. 12, 13 and 14 for the purpose of supplying information and administering qualification tests to prospective applicants.

Representatives visited Duncan last week-end and expressed satisfaction with results. Interviews and tests will be conducted between the hours of 9 a.m. and 9 p.m. during each day of the visit.

Black Bears Invade Duluth Outskirts

DULUTH, Minn. (AP)—Residents on the outskirts of Duluth Thursday reported a large-scale invasion of bands of black bears.

One party of eight hunters killed 11 of the animals in a five-hour drive through a brush area one mile northeast of the city limits. Two more escaped their fire. Parents in that district kept their small children at home throughout the day.

Two youths reported seeing eight bears in one spot near a suburban dumping ground.

Game wardens said the animals have been driven from the woods by a shortage of choke cherries and berries, due to the drought. As a result they are invading dumps and ravaging cultivated berry patches.

Early Romans invented the first pillows stuffed with feathers, which were practically the same as those used today.

EATON'S ... Children's Swim Suits

Selling at Half Price

FOUR STAR FINAL

Rain Interrupts Davis Cup Play

RYE, N.Y. (AP)—Rain halted play in the first singles match of the Interzone Davis Cup tennis finals here today after Billy Sidwell of Australia had taken the first two sets from Italy's champion, Gianni Cuculli, 6-2, 6-4.

A light drizzle started falling during the first set and the players left the court at the end of the second. Officials agreed to wait an hour before deciding to call off the remainder of the day's play.

Calgary Entries

CALGARY (CP)—Exhibition Grounds entries Saturday:

A-Bomb Targets

Gen. Hoyt S. Vandenberg, chief of the U.S. air forces, told a Congressional inquiry in Washington today that the U.S. high command now is selecting targets in the event of war. The general made his statement in explaining why the air force needs B-36 bombers.

1,600 Pairs Nylons From Liner Seized By British Customs

LONDON (UP)—British customs officials today seized 1,600 pairs of nylon hose worth \$8,000 on the black market—hidden in an old drum from the liner Queen Elizabeth.

The discovery was made after customs authorities had intercepted the liner in New York harbor and found attached valuable diamonds to the hulls of European-bound liners.

As a result, British authorities are contemplating using war-trained "frogmen" in the search for contraband.

The frogmen, swimmers trained in wartime to use rubber suits and foot-fins, can remain under water with the aid of oxygen tanks long enough to explore the hulls of incoming liners.

The nylon-laden drum was among a number of drums put aboard a truck on a Southampton dock for shipment to a repair place.

A naval officer gave the report that contraband might be entering Europe on the hulls of liners. He told authorities the smugglers were using the same methods used to attach "sticky bombs" to enemy ships during the war.

British officials said the report was "entirely feasible." They searched the Elizabeth from stern to stern and put an all-night guard aboard.

Weather Forecast

Clear today with light winds, occasionally reaching southwest 20
